1:1-7 the greatest Surah in the Quran. You must say Ameen for past sins to be forgiven. Say at every prayer. All praise is due to Allah alone, that means we humans are not allowed any praise in the world.

2:2 a book in which there is no doubt. Our Lord has laws. Without the truths Islam gives us, humanity could conclude anything possible that is not true. We humans need these truths. Also, this means the language of Arabic is not lost like Rabbinical Hebrew is, Arabic can be translated to any language of the world so anyone can understand the Quran. You cannot claim there are verses missing or false verses put in like the Christians are told. This means we know Islam is a fact. For believers, there is no doubt what is in the Quran. This means that in some way the Bible we have is corrupted even if just two verses since the Quran is the Holy book that is infallible, and both the Old Testament and false gospel contain at least one verse that contradicts the Quran which would show either the Bible or the Quran has clear errors in it. This is a fact, not an observation of a verse. Those who do not believe cannot be certain of their eschatology either, they do not have a book with no errors.

2:3 Allah provides for us. It is true we choose our careers, but we would take more if possible.

2:6-7 Surah 2 is the same as the Torah. Whether we warn disbelievers or not, they will not believe, their brains are shut. Allah has set a seal on their hearts and hearing. They will never convert to Islam they will only if they want to, you play no role getting them to convert nor will you ever convert to their religion, ever. Many of them will tell you religion cannot be confirmed or denied in today’s world where they overlook the access of information we live in today. Those who do not believe in Allah will never accept the laws of life, divine justice, human rights, the purpose of prayer, the purpose to life, and unifying tribes. They do not see the harm they do even when it is done to their own people, their brains are shut off to this where their cause for what they view as “peace” means anything done in the name of their beliefs is overlooked. They cannot recognize the Devil is out there or they do not care at all if the Devil supports what they do as if their cause will always be good no matter what. Yet the ones who “use” the Devil will lie to their own people that they “use” the Devil to get their goals. This means their horrific behavior will never change. This follows all the ancient Israelite’s stories such as the people of Lot where people would not change their ways after being warned by Prophet Lot.

2:8-12 some lie to fit in or hide their false beliefs, they cannot deceive Allah. They desire to deceive Allah and those who believe by claiming to be Jew, Christian, and Muslim when they are disbelievers. In their hearts is a disease, Allah increased it, they will have a painful punishment for it. They will try at any point in history regardless of how many people can identify what they are doing even if it is obvious what their goals are. They think they are fixing the earth with their false beliefs when they are the corrupters, they say they are "peace makers" with their “third” temple. They are wandering blindly; they have no plan. It brought them no profit nor were they guided. Allah took them out of faith.

2:13 those who first accepted Islam were seen as fools. Times are much different now.

2:14-18 the disbelievers are deaf, dumb, and blind. If they try to claim to be unable to know right from wrong on the Day of Judgement, it will not work. Allah never called them incompetent; the disbelievers will claim they were. Allah increases their wrongdoing. The disbelievers don’t want to do the right thing so it wouldn’t matter anyways to them if Allah increased their disease. This is why they don’t try in life. They have zero interest in being Muslim no matter what answer the Quran provides them with. The disbelievers become more and more convinced that they are doing the right thing spreading lies and trying to end the earth. They have done everything possible known to mankind to corrupt the earth, they are wise, but they don’t know what they are doing. Since 1920 it has gone downhill for those living in their countries. Every year there are more problems in their countries, it is a fact they have had every chance to make their countries better for the last 100 years. The reason why they are but reformers as the Quran says is that these elites want to get their political views out and they feel their views are special, they will believe their views will always work and people will be happy with them no matter what, this is why they do this.

2:22 the earth is a bed.

2:23 both in Mecca and Medina, the opponents were challenged to produce anything like the Quran, they couldn’t. This was a test for the opponents of Gabriel. The Quran followed the Old Testament almost exact, but the Quran shares little if any similarities with the false gospel. The practices also derive from the Old Testament and Talmud’s. I used the term Old Testament for describing the books found in the scriptures that don't include the false

gospel, I can’t find a term to describe the books for instance the Torah doesn’t cover all the books.

2:25 the Gardens of Eden has high hills with rivers underneath.

2:28 you were lifeless, and Allah gave you life, to this day no one can deny this being possible.

2:29 the earth was made before the Heavens. Allah’s knowledge is perfect of all things.

2:30-36 Prophet Adam was placed on the earth as a ruler and was shown all the Angels. Prophet Adam asked about their names as man learned knowledge through names. The total range of knowledge man can learn is further than Angels, certain Angels may have no knowledge of chess for instance. Prophet Adam didn't know everything possible nor do Angels, this means Prophet Adam was far smarter than all humans throughout history. Prostration to Prophet Adam was done out of respect, not out of worship. I don’t understand exactly what these verses mean but I get a sense, if someone walks me through it I think I will understand fully. Allah tells Prophet Adam that he knows everything. Satan became a disbeliever; Satan does not work for Allah because Satan is a disbeliever. Satan became the enemy of man after Prophet Adam ate from the Tree of Life. Satan will lie to us during End Times and claim to be a liberator and that man cannot sin, many people on this earth never admit fault when they are in the wrong so humanity is already there the world could end any day now the freemasons and talmudists are pushing this belief as best as they can.

2:39 those who have been attacked have the right to take up arms. This verse allowed caravan raiding because the Muslims were at war with the Quraysh, this was not plundering.

2:41-43 don't sell religion for a minor gain on this earth; do not mix truth with falsehood. The Jews were running Arabia in particular. They never gave the whole truth; they kept trying slanders and hypothetical problems to create doubt and uncertainty. The majority of Jews didn't even pray at the time, they would cease paying alms and some made life off of interest.

2:45 prayer is a burden for all except for the devout.

2:46 the Quran mentions how Pharaoh during Prophet Moses’s time executed the male children.

2:47 the children of Israel were favored over all communities. Only the Israelites had known the truth of Islam along with some followers. The ancient Israelites at the time were a nation in Arabia. This means Islam was favored for the Israelites. Now, no community is favored over another. We Muslims have the Ummah.

2:48 the Israelites felt no one could touch them that Allah was on their side. Once they felt that way, they went to wickedness and sin. This explains how corruption begins. If we sin that means we are all capable of evil, this is normal.

2:54-71 the people of Moses who worshipped the golden calf were sent to death for it. Allah accepted their repentance for it. Some of the Israelites claimed they needed to see Allah speaking to Prophet Moses; this invited the wrath of Allah, so Allah struck a thunderbolt in their eyes. At the Rock of Horeb, twelve springs gushed water from it. The Israelites wanted an assortment of food from Allah, so they complained to Prophet Moses. Prophet Moses then rebuked them for it and told them to go to another village. The Israelites who left Prophet Moses were stricken with disgrace and misery for rejecting Allah’s signs. Allah reminds the Israelites who left that they rejected the signs and that previous generations had killed the Prophets. The Israelites had witnessed an awesome phenomenon at Mount Sinai, and it felt as if the mountain was falling on them. All were told to hold fast to the Torah remember the instructions and commandments in it that you will be pious. All had broken the covenant but those who broke the Sabbath became losers and were deemed apes, despised, and hated. The Israelites tried evading slaughtering the golden calf, they were used to cow worship, so they kept asking Prophet Moses why to do so. The Israelites slaughtered the female cow but could barely do so. The children of Israel argued with Prophet Moses thinking they were debating him when Prophet Moses said to them to slaughter a cow. Prophet Moses called the children of Israel’s arguing foolish.

2:74-81 Allah does not look over the things we do. Also, Jews had a record of perversion and corruption. If they could hide their guilt of being evil on this earth, they would be ok in the next. Because the masses of Jews in Arabia were ignorant of scripture, they wrote a system out of their desires and opinions thought up one day. The rabbis claimed everything they wrote was divine which confuses the religion to the point where it couldn't be separated what was fact, history, bias, or legend. Prophet Muhammad says rabbis wrote scriptures for their own benefit meaning the Bible contains

verses of this, I believe this. There were times the Israelites wrote scripture themselves and said it was from our Lord in the Bible we have today, this is confirmed by the Quran. The rabbis thought by being Jews, Hell would never touch them. This brings people to Hell.

2:83 the covenant with Israel was to be good to parents, relatives, orphans, the needy, speak kindly to people, establish prayer, give Zakah and don't kill.

2:85-89 people who pick and choose part of their religion will go to Hell. the Jews fought on the side of Aws and Khazraj, this caused fratricide which is a violation of Allah's laws. The Jewish tribes of Arabia were following parts of Scripture for practices and rejecting other parts for practices. The Jewish tribes Gabriel is speaking of did this to other Jewish tribes. The Jews always called some Messengers liars and killed others. Prophet Isa had been contacted by an Angel and was supported by the Holy Spirit in him. They claim their hearts protect them; the reality is that Allah has cursed them. Jews used to pray for a Prophet, yet they neglected Prophet Muhammad when he visited them in Medina. Safiyyah, a wife of Prophet Muhammad and the daughter of a Jew had a Jewish father scholar and an uncle; the father confessed that he would never accept him as a Prophet in a conversation the two had.

2:90 those who deny Allah and his revelation are miserable, they have sold their souls. They have earned his wrath and will suffer a humiliating punishment in the Hereafter.

2:91 that was with them means the verses in the Old Testament and true Gospel that were correctly documented with the verses in the Holy books. It does not mean the Old Testament and true Gospel at the time was infallible.

2:97 whoever is an enemy to Gabriel should know the Quran was revealed by Gabriel. The Quran confirms previous Scripture. Jews casted Gabriel as their enemy and claimed he was a cursed Angel.

2:98 Allah is an enemy of those who don’t believe. Angels Gabriel and Michael are set apart from the Angels and the Messengers.

2:102 something was revealed at Babylon through the Angels Harut and Marut. At Babylon, seducing a married man's wife became a boastful achievement. Harut and Marut tested the Israelites in Babylon telling the Israelites they were testing them with witchcraft, which was taught through the devils, they warned the Israelites first not to use the witchcraft learned

by them. Harut and Marut also taught the Israelites knew full well they would fail when they did not listen to the instructions of Harut and Marut.

2:104-109 the Jews used words that had two meanings one innocent and one offensive to try to hide their disrespect and to try to make a fool out of Prophet Muhammad as if they took interest in what he was telling them. The Jews argued how could there be a new revelation to replace previous scripture, but the Quran is better than the Old or New Testament. Allah wanted their memories to forget the recordings, so they were not preserved fully. The Jews told the Muslims to keep asking Prophet Muhammad trivial questions to try to trap him, but the Jews never did that to Prophet Moses. Don't engage in useless debates with people.

2:111 the Jews and Christians do not have clear proof that their faith brings people to Paradise that is merely their own thoughts, they do not have clear proof that a Prophet wrote any verse indicating it

2:113 the Jews and Christians both recite the Bible, but their scripture speaks the same message of Allah and who Allah supports. Also, the message is the same in every faith to be good, give back, and worship Allah. Both have Allah's word just previous versions that are corrupted.

2:117 Allah says “be” and it is. That is how time was created.

2:118 the disbelievers asked Prophet Muhammad why Allah does not speak or send a sign to them. Allah responds in the Quran that previous generations asked this, and Allah says that he has sent enough signs. The previous generations were the same when they disbelieved in Allah’s signs. Allah’s signs are clear. The disbelievers including the Israelites would claim each generation that miracles that were performed and scripture revealed was “magic.”

2:120 Jews and Christians will never accept a Muslim until they convert. This is still relevant to this day.

2:122-124 nearly all the Jews in Arabia lost the capacity to tell the truth or do good. No one will help each other on the Day of Judgement. Prophet Ibrahim was to be a leader; Allah's covenant does not go the wrong doers as Allah spoke to Prophet Ibrahim. Quraysh thought they owned the Kaaba as if it were theirs.

2:125 the covenant was with Prophet Ibrahim and Prophet Ishmael

2:127 Prophet Ibrahim elevated the foundation of the Kaaba. That means the Kaaba was already there. Both Prophet Ibrahim and Prophet Ishmael prayed to the Kaaba. Both of them prayed saying that Allah is all-hearing and all-knowing.

2:128 Prophet Ishmael was given the blessing of the Kaaba

2:129 fight until you have the freedom to worship Allah. This was not to impose Islam on someone else but to make sure you had your rights.

2:131 Prophet Ibrahim was told by our Lord to submit to him. Muslim means submit to our Lord.

2:135 Prophet Muhammad is saying that the Jews and Christians of Arabia were of the polytheists having no knowledge of scripture and how to apply it to their day to day lives.

2:142-146 Prophet Muhammad used to pray towards Second Jerusalem in Palestine between 16 and 17 months until he was instructed by Allah to pray towards the Kaaba. Those who had argued to pray to Second Jerusalem in Palestine instead of praying to Mecca were called foolish by Gabriel. The Jewish and Christians scholars at the time knew Prophet Ibrahim had constructed the Kaaba, some even concealed the truth. Allah will never let our faith not count regardless of if we are taught faith wrong or not.

2:152-157 remember Allah and he will remember you, do not be ungrateful to Allah and his practices. Seek help in patience and in prayer; Allah is with those who are patient, you have to wait for Paradise. This means never to worry. Prophet Muhammad knew the world would be the same over 1400 years later, life really is that simple if you’re a Monotheist. If Allah is with the patient that means karma does not exist in Islam, if you are patient bad things are happening to you and Allah will reward you for it so Allah wants good for you not karma/revenge. Martyrs are resurrected though we don't know if they are in Paradise or not, they are out there. We will be challenged with fear, hunger, loss of property, and lives. When affliction strikes, the believers say, "we belong to Allah, and it is Him and we are destined to return". You receive blessings and mercy from him for saying this. The believers will return to our Lord. This indicates a probable end to Hell since you will return to the Lord.

2:158 Hajj or Umrah is acceptable, there is no sin is upon you for doing one or the other. The scholars are divided if Hajj or Umrah is obligatory or not. Allah will end the earth if we abandon Hajj.,

2:159 the Jews had concealed the teachings to a limited class of people. They did not allow for this to filter to Jews or non-Jews so they could profit off it. Because they didn't know, this allowed for errors and corruptions from their rabbi's and theologians from their ignorance and made no effort to root it out. If this were still prevalent, it would curse someone in the afterlife.

2:163 our Lord is but one, there is no God but He

2:269 wisdom brings much good for a person, Allah’s messengers were certainly very wise

2:167 religious leaders who mislead people are in deep trouble; you’re better off not being religious than teaching religion if you’re going to intentionally do it wrong

2:171 disbelievers are deaf, dumb, and blind they don't go to any call at all. This can be read as they will not listen to anything you say. Everything has to be their way, they don't bother with any rule, law, requirement; they have no care or concern about knowledge or others. They take things that nobody would ever take only to get more thrill out of life, I am not going to provide examples, just watch the news once any day of the year you will see the insanity they try. There is no point making them Muslim for those who wonder why the whole world isn't Islamic. They weren't going to do the prayer, ever wonder why there are atheists, here is your explanation.

2:173 pork ban

2:177 this is how to obtain piety. If you are patient when hardship falls, you are pious you have proven yourself true. The more knowledge of Allah the more pious of Allah you are.

2:178-182 this has to do with retaliating against a tribe that is a tribe member kills another tribe member than they are to be handed over and executed unless if the family takes money from the tribe. If the tribe did not hand the person over to the tribe with the family in it can attack the tribe and conquer them. Since we have Islamic countries now, we are required to be a retentionist country. We can never allow for someone who commits murder to ever go back out in society; they would have to be executed.

2:183-186 Ramadan was revealed for three days to start so the believers were set up slowly. The month of Ramadan is guidance for mankind to glorify Allah and perhaps be thankful for the Holy Month. This is not for hardship; this is intended for ease. Fasting is best for us, feeding a poor person each day will make up for struggles during Ramadan. It is better to go beyond Ramadan. This will achieve fear of Allah. Allah is close to us and will respond to every prayer. Allah hears our call. Eat and drink at night or in the morning.

2:187 our Lord says to Prophet Muhammad that when believers ask about Him, our Lord is truly near. Our Lor says He responds to the believers' prayers.

2:187-189 sex is allowed during the nights of Ramadan but do not have sex on the last ten days of Ramadan. Don't bribe or embezzle other people. Moon phases are for time and pilgrimage. Arabs used to enter in through climbing over walls, windows, and back doors; that is not allowed. If you are unable to do Hajj or Umrah, offer a cow, goat, camel, or a sheep. Fast three days for Hajj and seven days if you are home or the feeding of six poor people or the slaughter of one goat, sheep. Don't argue, commit wicked conduct, or have sex during pilgrimage. You can do Hajj and Umrah on the same journey. It is acceptable to work during Hajj. Do not do pagan or polytheistic practices. Do not talk about your achievements or have any self-praise. Talk about Allah during Hajj. It is acceptable to take a break so long as it takes under two days to come back to it. The Quran is clear guidance for humanity with the verses needed to prove the Quran is infallible. The Quran is to help mankind.

2:190-194 fight those who battle you, do not go beyond the rules of warfare. This is neither offensive nor defensive. This means you are allowed to fight those who battle you. It is not a requirement to fight wars in Islam. The verse states to fight until there is no more persecution. Fighting is legal retribution for persecution. A war has to be justified and the opposition must be informed beforehand. Drive them out where they drove you out don't stop until achieved; don't fight near the Holy Mosque. Fighting cannot take place in these three months Dhu Al-Qa'dah, Dhu al'Hijjah, Muharram, and Rajab. We are entitled to fight on these four months for retribution if we've been wronged. The term slay may mean fight since we don't know the exact Arabic, so fight can be a metaphorical term.

2:195 this means do not get so deep into your ideology that you end up thinking society is wrong when you steal for instance, it happens.

2:196 if anyone is ill or has an illness in their scalp, they must pay a ransom of fasting, feeding, or offering a sacrifice

2:203 whoever hastens to leave Mina in two days, there is no sin on him when Hajj lasts three days

2:204-206 among us are people who promote these great ideas and concepts, but they are not great. He claims Allah and that he is true to his heart, but he is dishonest, untrustworthy and has hatred of others. He spreads mischief and creates corruption, yet Allah does not like corruption. When he is told to fear Allah, his pride kicks in and smiles.

2:208 enter into Islam with the only ambition to service Allah alone, whatever that need be

2:212-213 Allah grants people the worldly life. This means you have the freedom to do what you want. People live the worldly life because it brings them joy. In the beginning, mankind followed one way. They followed the correct path. Prophets were sent to the righteous for good news and warners of people of wrongdoing. Allah sent scripture to settle disputes that people had. Allah guided those who believed in truth.

2:214 previous generations had it so bad that the Messengers and the Israelites cried out to our Lord. The Israelites were assured Allah’s help was near. The help of Allah is near. Do not stop believing in the cause of Allah.

2:216-217 fighting is prescribed to us; Gabriel says it is good for us, I think he means it helps our case on the Day of Judgement. It is eviler to advert people from the way of Allah and preventing access to Al Masjid al-Haram and its expulsion of its people are greater evil. Persecution is worse than killing. You can follow someone's locations but cannot start a war on a sacred month. Allah knows while you do not, that means Allah will decide everything in the Hereafter, not us humans. Whoever turns away from the religion will cause their deeds to go to waste in the Hereafter.

2:220-237 there is no harm intermixing expenses with orphans do what you think is best so long as they are onboard with it. Do not marry a polytheist woman until they believe. Women are a degree below men. Don't have sexual intercourse during menstruation; you can do anything with them besides that. Do not promise women except for saying a proper saying. This

means you can tell a woman anything except “you’re beautiful” or “I’d like to marry you.” If you break a vow, feed ten poor people, free a slave, or fast for three days. Allah will not take us to task for joking or trivial oaths. Women can be approached from any direction, the Jews made the mistake believing that if a child was born by way of sex from behind, the child would have squinted eyes. Abstinence from sex may only last four months. You can decide to repudiate the marriage but only after the four months are up. Men have a degree above women. Wait three months before sexual relations so she is clean, she must marry a husband before remarrying the same husband. A woman must marry another man and divorce him before remarrying their previously divorced husband. Relatives and the ex-husband cannot hinder the ex-wife from marrying another man. Breastfeeding is not obligatory and lasts for a maximum of two years and women decide the child's clothing. You can divorce wives before touching them or by giving them a gift for marriage. Women get half of possessions in divorce unless if you or your ex-wife forgoes the claim. Men have rights over women that they do not have over you. Allah loves those who repent.

2:238 because Jews didn't pray, they weren't watchful of the laws, this means prayer is to our benefit

2:247 Prophet Samuel appointed Saul to be the king of Ancient Israel. The Israelites argued with Prophet Samuel that some Israelites were more deserving, and that Saul was not rich that meant Saul was not blessed.

2:253 Allah chose some Messengers to be higher in rank than the other Messengers. Allah did not will those who disagreed with Prophet Isa's signs some believed Prophet Isa, some did not believe his signs.

2:256 there is no compulsion in religion, this means do not proselytize like in Christianity. This also means that you cannot force anyone to convert. If people feel forced, they will not be Muslim. This also means that when you give advice and they don’t want to listen, walk away, and move on. It is true that the religious minorities had to pay a poll tax, but they were never forced to convert only were taught that it was incentivized. Whoever believes in Allah has grasped a firm handhold that will never break, or I as I say never cease. We don't need Qurans or "Sharia Law"; Allah grants us the right to decide. This also means don’t pressure someone into doing something. The verse is in reference to the Banu an-Nadir offering to kill their own children instead of having them forced converted, you don't need

to force convert people of any age to Islam. They just cannot be polytheists. Those who do not believe and reject faith are allies of the Devil.

2:257 Allah brings people from the darkness into the light. Islam brings people to the light. It isn't always about being right all the time but seeing the Ummah for what it has accomplished. Muslims were supposed to give purpose to people handling all your affairs in life and to explain why the cause is necessary, it's changed entirely after WWI where we don't have an option it's either their countries or Islam. Islam was supposed to be a good thing and it was now it's the only choice we have, you can't pick the first world countries in today's world, they will collapse someday. After WWII, this is what we are left with where we have to decide what we want for ourselves, no matter what side you are on we are just wandering the earth and we decide how we want to be viewed and we have to make sense of the earth. The last sentence is complicated but if you talk to me in person, I will try to explain what I'm trying to get at.

2:258 an unnamed king of Arabia argued with Prophet Ibrahim and lost. The king thought he was a false god.

2:259-260 four birds were given life as proof to Prophet Ibrahim that Allah can bring back life after death. Allah teaches Prophet Ibrahim that faith can do anything.

2:265 an analogy used of normal produce for a garden when heavy rain falls. The term normal is used, that means normal does exist. The word is used all throughout the bible to describe things.

2:268 the Devil threatens the believer with not wanting to pay the zakat.

2:269 Allah gives wisdom to whom he wills, this is much good for us

2:271-283 you can tell your charity, but if you conceal them and give to the poor it is better and Allah will remove some of your misdeeds. Do not spend money except with the approval of Allah. Anything you give counts. Whoever consumes usury will go to Hell unless they repent. The people of Mecca had to quit immediately. Write down whatever debts you take in and let a scribe write it in justice. If someone is incapable of doing such, let a guardian dictate it. Bring two witnesses from among your men. If there are not two men, then a man and two women so if a woman errs, the other one will help her. It cannot be anyone who is incapable of doing such. There is no blame if you do not write it yourself. Take witnesses when you conclude a contract. If you are on a journey and you cannot find a scribe, then take a

security deposit. Finally, Satan will drive you into insanity, this means towards End Times people are going to act very strange praying to him for what they desire.

2:284-285 part of this verse is abrogated by the next one, we cannot conceal or hide plans to overthrow one another or be deceptive

2:286 When you do good, your soul increases. When you sin, your soul decreases. Allah does not burden a soul with that which it cannot handle. Allah is our protector.

3:2 the best Ayah in Quran

3:3-4 you must accept the Torah and the true Gospel or else you suffer a torment. The only thing is the Holy books are either lost or altered, that’s why we Muslims have the Quran. We know Prophet Muhammad wasn’t telling his followers to pray to Prophet Isa like the false gospel would tell us to do. This is more proof Prophet Muhammad isn’t referring to the false gospel we have today.

3:7 the verses are precise from our Lord. There are some verses that are clear and these are the core of the Quran. There are verses that have different interpretations. Those who go against Islam will reference the verses that have different interpretations using no basis to explain the verses to others.

3:19 the people who were given scripture tampered with it, they felt they had the right to believe in what they want, when the Quran was revealed, this caused them to argue. The Quran caused that to happen that people’s faiths were shaken where the Quran is clear, sound, and cannot be interpreted for one’s benefit. The religion in sight of Allah is Islam. There means there is no disagreement that Allah is a Muslim, it is a fact.

3:20 this verse addresses the pagans, polytheists, and atheists with no book, this was not intended to Jews and Christians

3:21 instruct people that they are going to Hell if they disbelieve or if they kill Prophets or lawmakers.

3:26 Allah is the owner of sovereignty.

3:28 do not take non-People of the Book as allies in preference to those who believe. You can only do this if it protects you from living under wrongdoing "Muslims". Prophet Muhammad attacked the Bani Qaynuqah after violating

the treaty several times. A Muslim man must marry a woman who is of People of the Book.

3:29 Allah knows your breasts, Allah knew who wouldn't comprise who they are, who refused to apologize ever.

3:30 Prophet Adam, Prophet Ibrahim, and the family of Imran were chosen to rule over the earth.

3:31 convert to Islam and Allah will love you while also forgiving your previous sins. Islam means both peace from salaam and submission from silm. We don’t know the real name of the faith; it is a secret only the Prophets, Angels, and Allah knows. To be Muslim you must love Allah. To get into Paradise you must accept Islam. That means you must love Allah to get into Paradise.

3:32 Allah does not love the unbelievers. When I went to church as a kid, we were taught Jesus loves everyone. Nowhere does it say that in the false gospel, it sure implies you have to accept him as the son of god. It’s noteworthy that Islam gets the hate, do you see how you’re getting played?

3:35 Maryam’s father’s name is Imran.

3:36 recite before a child's birth so Satan doesn't touch the child.

3:39 Prophet Yahya never got married.

3:42 Maryam was chosen over all women by Allah and Gabriel to be Prophet Isa’s mother.

3:49 Prophet Isa healed the blind, just because it is in the false gospel doesn’t mean there is one Prophet Isa who is the same found between the Bible and the Quran, you’re being fooled into trying to apologize on behalf of a false gospel you know nothing about its authors/witnesses/location.

3:50 Prophet Isa made some of what was unlawful in the Torah to be lawful.

3:52-53 Prophet Isa and his disciples were Muslims who submitted to our Lord.

3:54 this is the first time Allah says he is the best of planners.

3:55 Allah said to Prophet Isa that whoever follows him will be made superior to those who disbelieve until the Day of Judgement. This is addressed to People of the Book. Allah will tell Prophet Isa that he will clear

falsehood during End Times. Then, Prophet Isa will be raised after he dies. The Day of Judgement will occur after these events.

3:59 Allah spoke Prophet Isa into existence saying “Be!” That is why the word was also with Prophet Isa.

3:60 the truth is from our Lord, cast all doubt

3:64 O People of the Scripture, come to a word that is equitable between us and you - that we will not worship except Allah and not associate anything with Him and not take one another as lords instead of Allah." If they turn away "Bear witness that we are Muslims submitting to him. This is to show the Quran is the word of Allah, we declare that we submit to the Lord of the worlds.

3:65-66 the people of Scripture argued that they had some knowledge of Prophet Abraham but the Torah and Gospel that were lost were revealed after Prophet Abraham existed. The people of Scripture that argue thought they were debating with Prophet Muhammad by arguing which they believed would make them learn more about Prophet Abraham if Prophet Muhammad argued back. Jews and Christians claim that their faith comes from who they say is their father of faith which is Prophet Ibrahim they claim. The Quran shows the Jews and Christians are citing the lost texts of the Torah and the true Gospel that they don’t have which would show Prophet Ibrahim was a Muslim. Both books came much after Prophet Ibrahim’s death.

3:67 Prophet Ibrahim was neither a Jew nor a Christian he was a religious Muslim. This means the children of Israel including the Prophets past Prophet Ibrahim were Arabs because the children of Israel were Muslim, and they are from Prophet Ibrahim’s physical seed. This also means both Prophets Ishmael and Isaac are Arabs. The Prophets are Muslims, not Christians, nor Jews. You have Allah’s word which is the complete truth that Muslim is correct that Allah is on the side of whoever is a Muslim. Allah says every child is a Muslim. That means he believes in you. It was never Allah’s goal for you to leave. Allah gave us free will, you chose it.

3:72 a group of People of the Book planned to convert to Islam to leave the faith by evening to get people to leave Islam, they did this because they didn’t trust in Allah’s plan that Islam would turn into an empire, it wasn’t that they had an agenda against Muslims. This happens to this day where

people won’t convert to Islam because they don’t think it has their best interest on this earth despite us Muslims warning the world will end.

3:73 "Indeed, the true guidance is the guidance of Allah. Do you not trust lest someone be given knowledge like you were given or that they would thereby argue with you before your Lord? Indeed, all bounty is in the hand of Allah - He grants it to whom He wills. Allah is all-Encompassing and Wise." Or say each version of the verse. For sure, grace is in the hands of Allah: He bestows it on who He accepts; Allah has boundless knowledge. Allah doesn't care about denomination.

3:75 the Jews considered it not a sin to cheat or lie to a gentile or pagan, Prophet Muhammad corrected this

3:77 if you swear by your own oath by lying in exchange for Allah's covenant you will receive a painful punishment

3:84 this verse means do not believe the Jews and Christians that when they explain the Torah and lost Gospel, they have that it isn’t previous Scripture. The verse also says do not think that when the Jews and Christians explain the Torah the Jews and the Gospel the Christians have is not part of Scripture when the Jews and Christians explain the Torah they have in Biblical Hebrew and the Gospel the Christians have in the language it was in. The verse also says do not believe the Jews and Chrisitan misunderstand every verse they explain in Biblical Hebrew and in the language the Gospel the Christians had was in. All the Prophets are Muslim.

3:85 we can't follow patriotism, movements, or nationalism. Faith comes first. Whoever follows a religion other than Islam it will not be accepted from him.

3:86-89 how can Allah guide someone who believes and then disbelieves? Except for those who repent.

3:90 those who reject faith after accepting it and go on to speak ill about it, never will their repentance be accepted.

3:96 the first house of worship is the Kaaba. There were Mosques after the Kaaba was built. This means Prophet Ibrahim and Prophet Ishmael rebuilt the Kaaba.

3:028 do not take non-People of the Book as allies; guard carefully

3:102 and die not except in a state of Islam, this is all the Angels and Allah need to give you, this is your one task in life above anyone you know, the second most important verse in the Quran. This means do not die as agnostic, Christian, atheism, polytheism to confuse people in America, it is not wise.

3:103 hold tight to the rope of Allah and do not become divided. This verse meant the Israelites held on tight when tested. Hold on tight when need be to be a Muslim.

3:106 white does not mean white skin color. White will look far different than what is expected from others. Black does not mean black skin color. Black means charcoal.

3:110-115 Allah tells the Muslims that they are the best of nations, this means the Muslims are special and chosen it means the same as the verses in the Bible. This is Arabian tribal supremacy over the Jews. That means everyone who has ever lived believes their religion is the best religion that will ever exist. Arabia during Prophet Muhammad was the best military of all generations on this earth. This also tells us that Islam is generational, all these people claiming to be Allah’s chosen people, Islam comes and goes, Allah and his religion will always be there, the faith cannot be deleted. I am happy for you that you desire to be Allah’s chosen, however you have to accept this. That’s what happened with the ancient Israelites where on several occasions they forsook Allah and a portion stayed with the faith and were righteous so they will get rewarded in the Hereafter for doing so. We will be judged based on our generation, we were not the best generation Muslims, best wishes. Most of the People of the Book were transgressors before Prophet Muhammad fixed Arabia; these people had killed the Prophets without right or did not kill the Prophets we will never know for sure. We are not all the same people of Scripture; we forbid what is wrong and enjoin what is right. Also, no good you do will ever be removed. Since Allah has angry, we Muslims are correct to get angry and respond to someone who seeks to attack us in some way when this person does it against us cynically. We are told we are wrong to get angry when someone mocks Prophet Muhammad every time, we are right here in doing such yet the psychologists in the first world countries today will always tell us otherwise that anger is never acceptable as they are taught you can mock religion freely. Paradise is as vast as the Heavens and the earth. It is for those who are god fearing.

3:123 the Battle of Badr was agreed upon by both sides to fight, the Battle of the Trench was defensive. The Banu Qurayza were not bent on a treaty. The Banu Ghatatan would not accept a peace treaty for 1/3rd of the crops in Medina.

3:124 three thousand total Angels were sent during the Battle of Badr.

3:128 no one has a say if Allah will forgive someone on the Day of Judgement except for Allah.

3:135 remember God when you sin and ask for forgiveness. The saying who can forgive sins but Allah was handed down from generation to generation.

3:139 do not be sad and never lose hope; if you do you will win in faith. This is a key concept of Islam We cannot decide when all hope is lost; we have to make sense out of whatever is on the earth regardless of what our brains tell us. This may be the biggest verse in the Quran.

3:146 Allah loves the patient ones.

3:158 all will be gathered before Allah

3:159 this verse speaks of the shura to run governments. The shura is the same as the Sanhedrin. Those who don’t believe won’t listen if you are rude or harsh hearted with them. Allah loves those who put their trust in him. Allah is offering you love your whole life from him.

3:160 rely on Allah, no one can overcome you, if Allah forsakes you then none can help you, this verse is powerful. This is how the Prophets were able to win no matter what.

3:165-167 the Battle of Badr was by Allah’s Will to see who the believers were who would fight for the Muslims. The previous wars the Israelites fought may have been as well.

3:169 those who are slain are alive in Paradise with our Lord.

3:173 the best disposer of affairs means Allah has principle, perfect reasoning behind what he does. Allah is sufficient that means Allah alone will always be sufficient for the believer. Allah is the best Protector.

3:175 it is Satan who causes you to fear his followers. Fear Allah instead.

3:185 every soul shall taste death. You are always led to believe there is a better life for you on this earth, but you will never find better than what you already have, that’s the delusion.

3:187 this verse was to explain to the believers they cannot have sexual relations during the month of Ramadan. Their repentance was accepted for it.

3:191 Allah did not create the earth aimlessly; this means Allah created the earth with thought and reason, and it shows by having schools for instance. Islam speaks of reason, the more reason you use the stronger the believer you are.

3:195 whatever work you did will never be lost says the Lord

4:3 guardians must pay an appropriate Mahr for orphan girls for their beauty. They have no preference; it is the orphan girl's choice. There are no restrictions on marrying up to four wives, you don't have to be just with non-orphan wives, and you can have a favorite. A Prophet can marry more than four wives since he can do justice in treating them all equally. I think the verse was not revealed yet when Prophet Muhammad married his wives but that doesn’t matter since a Prophet does not need laws of life, Prophets have knowledge of life/leadership that we people do not have, they can be trusted to sin though they never sin anyways.

4:11-12 rules of inheritance

4:18 you didn’t believe the world should embrace Islam you just took advantage of every situation you could. If you claim a “mental illness” as an exemption for your behavior claiming you tried your best to fix your bad behavior claiming you could not understand right from wrong that you are a victim of some kind, it will never hold up. We know very well you would not show up for the wars, ever. I have witnessed myself someone who is clearly mentally ill who makes serious accusations against everyone he meets to try to keep himself save. He has no issue with being drafted, in fact he signed up when he was much younger, even at 64 he would go but he knows he cannot.

4:19-20 you cannot marry a woman against her will, do not be harsh, treat her with kindness. Before this verse, women didn't have marriage rights so the husband's relative could marry her against her will. Also, you cannot get the dowry back if you change wives, that would be a sin.

4:23-25 marriage prohibitions, also wives and right hand possesses are what is lawful for sexual intercourse. If you don't have the money, marry a slave woman instead.

4:28 Allah wants to lighten your difficulties; mankind was created weak.

4:29 do not kill each other nor yourself, Allah is Most Merciful to you, the verse was not revealed yet, so Prophet Muhammad’s suicide attempts did not count as a sin against him.

4:31 if you avoid the most heinous sins, your lesser sins will be forgiven regardless of how many small sins you have and you will enter in nobly to Paradise, you will pass on the Day of Judgement without any concern. Prophet Muhammad completed the faith, there is no speculation of a Messiah to build a new Temple that is found in the Talmud’s nor is there a “kingdom of god” that Christians argue over the meaning of it. Prophet Muhammad confirmed that we go to the final goal of Paradise through infallible Quran verses.

4:34-35 men oversee women's finances, men are protectors of women in return they must be chaste. This means you cannot be egalitarian. Also, men excel better than women, if you fear disobedience, first speak to her about what is wrong, second separate from bed, and third hit them. It is a last resort, historically her face was not to be hit and she was not to be bruised from it. This practice is found in the Talmud. Allah will reconcile a marriage.

4:36 worship Allah alone and be good to parents. If your parents aren’t People of the Book, just walk out, that would be best since they will never respect you.

4:43 do not approach prayer while drunk, the prayer is nullified. You cannot go to a Mosque with any intoxicant in you, this means any intoxicant at all.

4:48 Allah will forgive anything so long as we do not associate other partners meaning people cannot call on Allah to forgive them when they are polytheists and worship false gods along with Allah. This means no matter how pagan the environment is no matter what deviation people have from their upbringing, they can grow out of it and we Muslims can give their real chance at faith for something that is no fault of their own. For those reading this, I was the class clown up until my second year at college, it took years and years of reading to break out of that. If I get a chance, then anyone gets a chance.

4:58 Allah commands you to return material to their rightful owners.

4:59 obey the law of the land you are on. Banu Nadir attacked the Muslims from Mecca to Medina. This verse shows the Quran is ongoing to this day. If there is a conflict, refer to Allah and His Messenger. This is the best and fairest resolution.

4:60-63 they wish to give laws to Satan i.e. freemasons, catholics, talmudists, the hypocrites turn away with extreme hatred of the truth, when disaster strikes them for their hypocrisy, they say it was only for a good cause, use a word of great influence on them. You cannot use violence against those who reject Islam, just turn away from them. Because a commandment specifically the first is do not serve foreign gods, Jews will never listen to what you say. They are polytheists and Allah is their enemy.

4:65 you must agree with all of Prophet Muhammad's decisions or else you have no faith. This is believable that this is Allah’s champion that claims all affairs should be done by him hence why he listened to everything someone told him in order to respond clearly and effectively while telling the truth.

4:69 this verse is to show all Prophets have the choice between the worldly life or the life of the Hereafter

4:74 whether a believer fights or dies a martyr in a war, the reward is great for the believer who achieves victory in a war.

4:75 this verse was to fight oppressive tribes in Arabia and empires who wanted to oppress the Muslims

4:76 believers fight for Allah’s cause; disbelievers fight for Satan’s cause. Satan’s schemes are weak.

4:78 all things whether good or evil, it comes from Allah. If Allah encompasses both good and evil, then everyone is of Allah in some way. For this verse I don’t know, I might think everyone is of Allah in some way I might not a question like this is way too deep.

4:82 if the Quran didn't come from Allah, it would contain much contradiction in it, to this day not one person of any intellect has found an error in the Quran. Since the Quran has no errors, that confirmed that Prophet Muhammad was not a madman nor a poet.

4:86 when you are greeted, greet with a better greeting, or return it. Allah takes account of all things.

4:89-90 the death penalty for apostasy and for acts of rebellion. It is all the same whether they are law abiding or not, you are either on the side of the Muslims or not. That’s how life was written, I in no way mean this as a threat though those trying to end Islam do when you go against their religion though they don’t declare it. We Muslims have given you or our side of the story, the rest of the earth just doesn’t see it the way we do. The disbelievers wish for us Muslims to disbelieve. Do not take the disbelievers as allies unless the disbelievers want to be allies with us Muslims. If the disbelievers refrain from fighting and call for peace, God does not want you to fight them.

4:93 can't be forgiven for murder, will go to Hell for it. Allah is angry with someone who does this. Allah has anger confirmed by the Quran.

4:94-95 do not question if someone is a believer or not as if you know their motive. You're equal if you can't go off to war because of a disability.

4:018 for those who do evil deeds and say before they die "now I repent", their forgiveness will not be accepted

4:101 it is ok to shorten prayer if you fear an enemy will attack when traveling through their land, shorten the prayer to two daily

4:104 if you are suffering, the enemy is suffering as well. You can receive hope in Allah, they cannot receive hope in their false gods.

4:107 Allah does not love those who violate their trust

4:111 he who sins earns it against his own soul. Two parts, first you earn your sins since telling the truth will cause people to disavow you and you don’t know exactly how to phrase it so there are no flaws in what you say. Second, the more you sin, your soul will take a hit, sin less to protect yourself so you can remain a believer and be successful at life. Playing unaware will not hold up, this verse is so important.

4:112 no false testimony allowed, that means you cannot lie in court

4:117-120 all false deities are from Satan, Satan is rebellious. In many instances they are consumed by the Devil that's why Polytheists called Prophet Muhammad a "mad man" and a "poet", they didn't believe it where it was a debate it had nothing to do with who was right and who was wrong. Whoever takes Satan as an ally will lose on the Day of Judgement. Satan promises he will mislead and delude those who go against Islam. Satan

promises he will command them. Since Satan is a jinn and not a fallen Angel in Christianity this means Satan has no power at all.

4:129 Prophet Muhammad wanted monogamy for his followers. Polygamy does have a benefit in society because it creates large families. However, it is not ideal just as the verse says for one reason being a wife will always be jealous in polygamy.

4:135 stand firm in justice even if it is against your own family. If you see an injustice, be tough and stay calm always. Justice always comes first since it is against your own self. Do not be biased with your own personal wants.

4:136 if you don’t accept Allah’s books then you have strayed far away but not completely, you can still be a believer in this verse

4:137 whoever believes than disbelieves and increases his disbelief will never be forgiven or guided to a way

4:142 remember Allah while you pray

4:145-146 the hypocrites will find no helper in the lowest depths of Hell except for those who repent and do good deeds. Allah helps us on this earth. Also, Allah is going to give the believers a great reward.

4:148 do not mention any sin you’ve committed openly. Most importantly you can go out in public and explain an injustice done to you, it will not be written as a sin. The Prophets were big on fighting injustice, the way I see it is there is no excuse not to go to a religious center if you make below six figures. The Prophets may very well be on your side having your back. For some reason though people don’t care. By no means am I implying these people are unjust or selfish but that they don’t see their role at a religious center. What bothers me so much about this is you can quit on any country you want to answer to Allah that way, but they choose not to. They talk about religion for two minutes once every month and then on to another subject for them. This is why I know in the future verses will be forgotten.

4:153 a thunderbolt struck the Ancient Israelites for asking from our Lord revelation from the Heavens and then they worshipped a golden calf. It was pardoned by Allah and Prophet Moses.

4:155 the Jews killed the Prophets without right

4:156 there were children of Israel that slandered Maryam claiming she was not chaste.

4:157-159 they did not kill nor crucify Prophet Isa, a man in Arabia was crucified during Prophet Isa's time that resembled Prophet Isa. The Quran is not referencing Jeshu in Palestine who was crucified. The Jews later boasted about crucifying Jeshu thinking Jeshu was the Messiah, Jeshu was crucified 300 years after Prophet Isa left the earth. Those who dispute Prophet Isa not being crucified have no certain knowledge of the matter. Jews mocked the crucifixion in Arabia because their Messiah is not Prophet Isa, he is our Messiah not theirs they think there is more than one Messiah when there is one Messiah. If the Jews had thought there was one Messiah, then they are polytheists. The Quran could be saying that the Jews of Arabia boasted they killed Prophet Isa son of Maryam, but the Jews of Arabia didn't refer to Prophet Isa as the Messiah, the Messenger of Allah, I doubt this. Prophet Isa was raised to Paradise by our Lord which false gospel speaks of; Prophet Isa did not rise from the dead. Christians will never accept that since Prophet Isa was immortal, he could never die on a cross, Prophet Isa could be crucified for years, nothing would happen to Prophet Isa. Everyone will believe in Prophet Isa when he returns during End Times. Later, he will die along with everyone else. Then, the Day of Judgement will begin. Prophet Isa did not die on this earth. He ascended to Paradise. The Jews didn't want to accept Prophet Isa as the Messiah, Prophet Muhammad's preaching went against their wishes as well. The Jews and the polytheist's said Islam was forced on people so it couldn't be true.

4:160 certain things were made unlawful for the children of Israel that were lawful because the children of Israel disobeyed our Lord.

4:164 Prophet Moses spoke to Allah directly.

4:165 you have no case that you weren't warned after Prophets were delivered

4:171 do not commit excess in your religion, this applies to life. We humans don't like things done to excess. Allah is ever appreciative. That means Allah is grateful for any action done by those who believe. Do not speak of this "Trinity" for it is better for you. Prophet Muhammad cannot give us the truth that the true Gospel is lost and would not imply such a concept. If you are reading the false gospel, you have to believe in a Trinity. Prophet Muhammad cannot explain why not to talk about it.

5:3 the Arabian Jews and the Arabian polytheists gave up trying to talk Prophet Muhammad out of his Islamic faith. This verse is in the 5th Surah. Islam is Allah's favor from Him. This means do not take from non-People of

the Book or it can be read as do not take from non-Muslims, either is fine. This verse means do not unite all religions since Islam is our favor. In a later verse it says whoever seeks a religion other than Islam will be a loser. A later verse says judge by what Allah revealed and not judge by vain desires. Only Islam teaches do not unite all world religions. Having Allah's favor means you are to be respected as a Muslim, and you are to respect the People of the Book as well.

5:5 Muslim men can marry Jewish and Christian women. What is happening globally is that people marry of any faith which means the practices will get lost. On top of that most are not reading scripture literal as it should be read or do not know what they are reading.

5:6 wash your faces and your forearms to the elbows and wipe over your heads and wash your feet to the ankles before prayer, prayer is so that we may be thankful. This is dry ablution called Tayammum.

5:8 the Quran shows there are people in society who hate you for what you believe. These groups will tell you that the word hate is never to be used to describe something or someone ever and these groups will never use that word once.

5:10 those who disbelieve and deny Our signs will be companions of the hellfire. It has to be both requirements that someone disbelieves and denies Allah and Gabriel's signs since it says and in it. Agnostics could qualify.

5:12 "I am with you. If you establish prayer and give zakah and believe in My messengers and support them and loan Allah a goodly loan…But whoever of you disbelieves after that has certainly strayed from the right way"

5:13-14 Prophet Muhammad took the Jews and the Christians of Arabia's covenant because they had fought the Muslims during that time. The Jews and Christians distorted the word and neglected a portion. Only a few of them weren't deceitful, a few had done the right thing.

5:17 Allah would not intend to destroy himself therefore he is not the one described as Christ in the false gospel.

5:20-21 Prophet Moses lead the Israelites from Saana Yemen to the Holy Land of Mecca, the only Holy Land there is. If the Israelites didn't enter the Holy Land of Mecca, they would become losers in the Hereafter. Prophet Muhammad confirms that he has more of a claim to Prophet Moses than the

Jews do heritage wise, this is proven true as Arabs are closest to the Israelites. Since Prophet Muhammad is an Arab, it is likely that all Prophets are Arabs.

5:27-30 the verse doesn't say if Cain is the older brother of Abel. Cain told his younger brother Abel he would "kill" him because Abel's sacrifice was accepted, and Cain's was not. Abel responded with "Allah only accepts the offering of the pious." Abel told Cain he would not kill Cain if he tried to kill him because Abel feared Allah. Abel then told Cain he wanted him to bear the sin of murder because he wanted him to go to Hell for the sin of murder and for Cain's past sins. Abel was angry at Cain for Cain's previous sins. Cain slew Abel. Cain went to Hell for this making him a loser as the Quran describes, the Bible we have today doesn't describe this. We don't know the level of losers that Cain was, I doubt Cain was in the league of the biggest losers of all. This may be the biggest story in the whole Quran that has repeated all throughout history, to this day still.

5:31 Allah sent a crow to dig a grave to show Abel how to dig the grave of his brother. Abel felt like a failure for not knowing how to dig a grave.

5:32-34 Allah and Gabriel ordained for the children of Israel. This means Allah and Gabriel had dominion over Ancient Israel and the Muslims who lived in Ancient Israel. The story of Cain and Abel is where whoever kills someone it is as if he has killed all of mankind. The story of Cain and Abel happened far before the Babylonian Talmud, Allah and Gabriel decided the religious law far before the Babylonian Talmud. There is a verse in the lost Torah of a law that whoever commits murder or mischief in the land would be executed for their crime. A Rabbi said this as commentary in the Babylonian Talmud. There is no evidence the Babylonian Talmud was translated to Arabic during the 7th century. The Babylonian Talmud was compiled around the year 500. In Islam, terrorism is never justifiable. You can execute in retaliation for murder or if they spread mischief in the land. They can instead be exiled from the land. This means when you are attacked by another nation, defend yourself. I know the verse isn't saying someone who corrupts the land is to be put to death, but if they have killed all of mankind, it is saying that in a different way of sending the message, the next verse says they are to be crucified which would be death for them where the verse says it is the only punishment possible for them, this is a disgrace for those who wage war against Allah and his Messenger and for those who corrupt the earth. A court will not find them guilty to where there is no law that says they must be crucified. It is stated "on that account, we

ordained" this was for the early Muslims crucifixions are allowed. The Messiah would not be crucified when the Prophets who were killed were not killed that way. Those who wage war against Allah will be going to Hell. These verses confirm that blasphemy will send a person to Hell because the Quran is infallible. You can repent for blasphemy, and you will be forgiven. Blasphemy laws are required by Allah from these verses.

5:38-39 hand amputation, repent and it is forgotten, this should be the punishment but is not mandatory. The value must be equal to or above $235; this is ethical since no one steals that much for food.

5:43 Jews came to Prophet Muhammad asking for judgement but the judgement in the Torah is acceptable for them, this means Jews are People of the Book.

5:44-47 Prophet Isa was revealed the true Gospel verbally and the true Gospel is lost. Judge by what Allah has revealed. The Quran does not say to use the laws in the lost Torah of the 7th century and the lost Gospel of the 7th century over the practices in the Quran. The Quran in verse 5:45 allows an eye for an eye to allow for the atonement of sins instead, In the true Torah, the law of eye for an eye does not allow that. People can criticize Islam if it is just and truthful. Allah talks about how the Israelites believed in eye for an eye, Prophet Muhammad says that you can forgive a person where it is an act of charity on your part, you have the choice here. The two methods lead to the same goal to protect the public, it may not seem as such, but there could be a master plan where both methods give you the same exact results. This would mean Allah is defined in many ways, no believer in this instance is more right or more wrong about what is happening here, both believers are equally correct in picking either method. This would further show that Allah is a genius of some sort to reveal this in the Quran where both methods lead to the same exact goal of protecting the public and they both have the same exact results. Muslims say that the Holy books such as the Torah and the true Gospel didn’t exist when they were revealed to Prophets Moses and Isa. That’s not what the verses are saying, but this is true. They are corrupted for a different reason. The Quran cannot be referencing the four false gospels of today since the Quran speaks of the true Gospel which is not plural.

5:48 the Quran confirms previous scriptures. We are given different religions as a is to test us to see how we deal with other people; Allah will show us the truth on the Day of Judgement on matters which we dispute.

The Quran is the supreme authority, the Quran is infallible whereas the Bible we have today is not.

5:50 the Age of Ignorance where the Arabs lived under the laws of the polytheists who were the leaders of Arabia. There are four references in the Quran of the Age of Ignorance.

5:51-55 do not take the Jews and Christians as allies, whoever does is one of them, this is because the Jews and Christians do not want to help Islam. The verse doesn’t mean we Muslims cannot ally with the Jews and Christians; it means they ally to not have Islam run countries. The Jews and Christians would rather we Muslims be disbelievers. Allah does not guide the wrongdoing people, in all the scripture events there was not one instance Allah did. Allah will find people who want to be in Islam, this means the religion is not just for the Arabs that Allah loves anyone regardless of heritage/background/previous religion. I could be wrong about the Arabs being the leaders since the Arabs can be replaced easily by new leaders, the Jews have the same policy. Because Islam is a truth, all are invited being to be correct about Islam being a fact, truth is a law of life that none can be robbed it. Your ally is none but Allah. Allah brings forth a people that is humble to the believers. At the time, Jews and Christians were allies of one another to gain the most wealth; it was a corrupt friendship to try to stay at the top which is what Arabia was modeled like before Prophet Muhammad.

5:60 you're an ape and a pig if you don't believe. Allah is comparing a disbeliever to an ape, we didn’t evolve from apes, that wouldn’t be an insult to be compared to an ape since you would have evolved from one.

5:67 no matter what the disbelievers insist on, our Lord does not guide them.

5:68 this is not an insult to the People of the Book. Gabriel is saying that if a Jew or Christian wants to uphold their religion if they are a Jew, they have to abide by the Torah that was present at the time, if they are a Christian, they have to abide by the lost Gospel that was present at the time. Many Jewish and Christian schools of thought agree with Gabriel on this to this day. Gabriel included other books revealed of the Bible at the time. Or the verse is saying to the People of the Book that what is revealed. I believe it is the second thing I listed being said by Gabriel.

5:69 those who were Jews, Sabeans, Christians who had observed their faith before Islam, those who believe in Allah and the Final Day and did

righteousness, no fear will there be concerning them, nor will they grieve. This means we Muslims far have more in common with the People of the Book than we do not since the People of the Book are guaranteed Paradise provided, they are sincere. People of the Book are not disbelievers, the words are separate. Disbeliever means those who don't believe in God and go against God and his Messenger. The Quran says the People of the Book have no ground to stand upon until they follow the religious law of what is found in the Torah of the 7th century and the true Gospel that is lost. That means there is one true Gospel, not four false gospels of different false apostles found in the Christians false gospel today. There is no account of Paul nor of the acts of false apostles either because they are not called a "gospel".

5:72-81 Allah states that those who say Allah is the son of Maryam have fallen into disbelief. In the next verse, Allah addresses that He is not one of three separate gods addressing polytheism, this verse is not addressing the Trinity. Maryam was a Sadducee of Arabia; her father has a tomb in Oman. Prophet Muhammad addresses how if Prophet Isa and Maryam were gods then they would not have to eat food like humans. Maryam was of the truthful.

5:82 the Arabian Jews and the Arabian polytheists were the most hostile towards the Muslims. The Christians were the best to the Muslims. Prophet Muhammad got along greatly with Christian monks in Egypt. Prophet Muhammad wrote peace treating with Christians in the Middle East.

5:83 the Nasara was right, but the Nazarenes were wrong when they met Prophet Muhammad, they overflowed with tears knowing Allah is one as confirmed by his Prophet after he recited the Quran to them, they couldn't be prevented from crying if they had tried. Prophet Muhammad also wept knowing he had found our Lord. If you cry thinking about Allah, congratulations you have spoken the truth, you are a true believer. Do not be excessive in religion.

5:89 if you break an oath, you must feed ten needy people or clothe them or by freeing a slave. Whoever cannot find it must fast for three days. This is reparation for oaths. You won't be punished for it when you say "Yes, by Allah" instead of "Yes", repent for it. Allah will not punish you for unintentional things you say in your oath.

5:90-91 gambling, alcohol, and intoxicants get people to be abusive to each other, we are all different but enough of it will cause addiction. Doing such

will push you further away from our Lord. It really is your choice however remembrance of verses will diminish overtime. If alcohol loves you, then the Devil is saying he loves you and he wants to get to know you better. If you take enough drugs and drink enough alcohol it will ruin your brain, the Devil will ruin your morality something you will never get back you will not know right from wrong. Also, do not bet money on anything unless you need the money enough to bet for the sole reason of paying bills. Be wise with gambling over anything since you will be judged on the Day of Judgement and that may or may not be brought up on the Day of Judgement. The Devil wants you to hate others and be hostile to them.

5:101 do not ask a question which may cause you trouble, this extends to asking a question that would worsen your reputation/image, go to an Imam and ask in private politely if you must. Do not ask question after question about material ever with someone in public unless they are your friends that you have known for years.

5:104 when it is said to the disbelievers come to Allah’s revelations and to the Messenger, they reply what we found our forefathers practicing is good enough for us. The Quran challenges them saying would they still do it even if their forefathers had no guidance or knowledge? That means the Quran is saying to the non-Muslims are the disbelievers putting thought into their beliefs whether it is realistic and ethical or not?

5:110 people had visited Prophet Isa when he was in the cradle and Prophet Isa talked to them, but it doesn’t say who visited him, the story is not the same as the Zoroastrians allegedly visiting Prophet Isa to give him gifts is Christian mythology. Even if the alleged Zoroastrian story is correct in the false gospel, this Quran verse does not mention anything about how the Zoroastrians worshipped Prophet Isa. Prophet Isa performed for the Israelites miracles and revealed the true Gospel. Many Israelites thought Prophet Isa did magic and not miracles along with reveal the true Gospel.

5:111 Allah inspired Prophet Isa’s disciples “believe in Me and my Prophet Isa.”

5:112-115 Prophet Isa had a festival with his disciples. In the true Gospel, there would be more of the story in it.

5:116 Allah will send Prophet Isa on the Day of Judgement if he asked for people to worship him, Prophet Isa will respond by saying he had no right. Maryam and Prophet Isa were worshipped as joint gods to Allah by accident

in Arabia, this is separate from the false gospel in Palestine which produced this "Trinity". The Christian sect that took Maryam as a deity were called the Collyridians which were found in Arabia. The Collyridians had the false gospel. The Prophets didn’t know everything about Allah, Prophet Isa tells Allah he didn’t know what is in Allah’s inner self.

6:11-12 travel throughout the land to see the fate of those who deny Allah. Allah has ordained for Himself mercy for the Day of Judgement. Those who ruin their souls will not believe there is a Day of Judgement.

6:36 only those who listen to the Quran will benefit from reading the Quran.

6:62 Allah is the true master

6:65 Allah punishment can strike quick. Allah has the ability to split people into groups that cannot join together. Some that have violence in them would have it come out of them. Allah has sent many signs in different forms for the public to understand the truth, the disbelievers rejected Allah’s signs.

6:66 I am not over you a manager, say this to someone who leaves Islam. This means don’t bother, it is left to the governments, not us the public.

6:68 Satan makes you forget verses

6:70 you will be getting a drink of scalding hot water in Hell if you take religion as a distraction, entertainment, or chose a worldly life.

6:74 Prophet Ibrahim’s father name is Azar.

6:75 Prophet Ibrahim saw the kingdoms of the Heavens and the earth

6:83 the Angels taught Prophet Ibrahim the argument he told the polytheists.

6:86 Prophet Elisha confirmed as a Prophet of Allah

6:90 the Prophets would take no wage for being a Prophet.

6:103 no vision can grasp Allah, but He grasps all vision. This is why we don’t see Allah this is why Allah only talks to Prophets. We are not Prophets, we would be blown away, we wouldn’t be able to move or think. This is the explanation to atheists who keep asking “why don’t we see Allah?”, yet they would still deny Allah’s existence if they did see him.

6:108 don't insult people of other faiths, think of how many Imams aren’t warning the youth not to do this on the internet.

6:110 their hearts are turned away and they wander blindly. This is true to this day with people of any belief where they follow liberalism and are told what they can and cannot do which contradicts nature.

6:114 Allah has revealed the Quran explained in detail. The Quran is the truth.

6:115 the Quran revealed by Prophet Muhammad is perfect in truth and justice. No one can change Allah’s words. The verses of the true Torah and the true Gospel can be lost.

6:116 those who go against Islam have no evidence their beliefs are correct. They are speaking on matters they do not know.

6:120 whether concealed or not you will be punished for your sins

6:121 do not eat what is not slaughtered in the name of Allah

6:125 you are left angry if you are not Islamic because you cannot disprove what is in the Quran, it is guaranteed to get them angry since they do not want Islam taught

6:128 Hell eternal except for what Allah wills

6:133 the Lord is free of need; it is us who needs him, that means if you do not strive for the Lord’s cause, the Lord doesn’t see any need for you

6:140 do not get an abortion. Whatever lost means either the people who support abortion are confused, or they are losers in the Hereafter, and they get nothing.

6:145 live animal and pork ban

6:151 Allah made life sacred. You may learn wisdom from life. Abortions are illegal; do not kill except for a just cause. Allah will reward those who fulfill their pledge.

6:152 when you give your word, say the truth Allah is trying to help people but they don’t see it as such

6:153 only follow his path, not your own

6:159 you cannot add your own sect into religion; you have no part of it

7:11-12 Satan not prostrating to Prophet Adam out of arrogance. The Angels bowed to Prophet Adam. The Angels did not prostrate to Prophet Adam. Satan was created from fire. That means Satan is a jinn, not an Angel. Jinn are not pure that is why Satan sinned when he was told to prostrate to Prophet Adam, and he didn't. Satan can take the form of man; Satan can possess someone. Satan is not a fallen Angel like in Christianity. Satan cannot be an Angel since Angels do not rebel against our Lord. Satan has no power, but he will lie and claim he has such.

7:13 Allah commanded Satan to get out of Paradise. Allah was angry at Satan.

7:20 Satan claimed the tree was to prevent Prophet Adam from becoming and Angel or becoming immortal.

7:23-24 Prophet Adam already had knowledge of the losers. It is written mankind would be enemies of one another, still relevant to this day. Convenient it is the people at the top that are causing violence and hate amongst people who don't want trouble. Islam couldn't be right to the freemasons, talmudists, and catholics but it spoke of them and how they would blame the faith for being in their way of their "third" temple.

7:26 the Quran explains why we wear clothes.

7:27 the Gardens of Eden was Paradise. Satan and the jinn see us. Those who don't believe are assigned a devil.

7:28 Allah never commands what is shameful, this means Allah will never shame you, you do it to yourself through sin.

7:31 take your fancy clothes to every Mosque to show we need to wear clothes after the Kaaba had naked people circumambulate it, don't be overweight.

7:37 polytheists are among the losers.

7:55 call upon our Lord in humility and privately

7:69 the Ad tribe during Prophet Noah were great in stature meaning there were giants during Prophet Noah's time

7:71 Prophet Hud encountered idolatry. Hud said to the people of Ad I am to you a trustworthy adviser.

7:80 Prophet Lot told the people of Lot that there was never a town that raped people who visited it.

7:81 the men who approach men with desire instead of women they are a transgressing people. You were always the one talking about getting the most attractive wife, you are no longer the same person, you feel no shame for your choices in life. When I use the word “you” to describe someone, it is not for the reader unless they are guilty of this. This is myself the author putting this in perspective to try to get the person responsible of their sins to realize that they aren’t the person I once knew. You cannot lust after men as you lust after women, this is a sin. That means homosexuality is not allowed in Islam it is a major sin.

7:84 the People of Lot were hit by a local volcano in Arabia

7:145 this is a Ten Commandments reference

7:146 at the end of the day, they are not going to change their ways. I believe religion doesn’t tell them what they want to hear. They doubt Allah’s plan, this is because we have been kicked from the Gardens of Eden. This verse can be read that Allah is saying those who disobey cannot understand the Quran.

7:151 Prophet Moses calls to Allah for forgiveness for him and his brother Aaron, Prophet Moses says Allah is the Most Merciful of the merciful

7:154 this is another Ten Commandments reference. When Prophet Moses was no longer angry at the Israelites who worshipped the golden calf, Prophet Moses took up the tablets to tell the Israelites.

7:155 the mountains collapsed destroying the people who stayed behind not believing Prophet Moses where they needed to see Allah to know he exists. This is important because the site of Mount Sinai cannot be Jabal Maqla North Arabia because the mountains there are still intact.

7:156 Allah’s mercy spreads over everything. A believer has to abstain from evil, pay zakat, or believe in the miracles of the Quran for forgiveness of sins. One of the three qualifications is enough for forgiveness of sins.

7:157 Prophet Muhammad was the only illiterate Prophet; we know this because he got the title the unlettered Prophet. Some people say Prophet Muhammad was literate, I don’t believe this, I understand why a portion of Muslims believe that. Prophet Muhammad is referring to the Torah and the

true Gospel not the ones we have today. They are both lost and the Torah we have today is in a language that is dead that no one can speak fully and is not the original language of Rabbinical Hebrew. You can claim that the Torah we have today contains Prophet Muhammad, but you cannot confirm the verses in it speak of Prophet Muhammad because we don’t know Rabbinical Hebrew, you are neither right nor wrong to do so. With the false gospel we have today there are verses that speak of Prophet Muhammad, regardless the false gospel we have is forged so you can claim no verse in it speaks of Prophet Muhammad.

7:158 Allah gives life and causes death; there is no deity except Him

7:159 the people of Moses are a nation that guides others by truth and justice

7:160 those who followed Prophet Moses into the Holy Land of Mecca were divided into 12 tribes by Allah and Gabriel. These 12 tribes of the people of Prophet Moses are not the 12 tribes of Israel. 12 springs gushed out when Prophet Moses struck the rock with his staff at Mount Horeb. Manna and quails came down from Paradise for the Israelites to eat.

7:161-166 when the Israelites broke the Sabbath, the abundance of fish did not come where no fish at all came during the Sabbath. The abundance of fish came back later. When some of the righteous Israelites violated the Sabbath and told the Israelites to leave the Sabbath, Allah turned these once righteous Israelites into apes.

7:169 the home Hereafter is better for those who fear Allah, use reason

7:176 I don’t understand the dog panting example, but the point here is if people saw Allah’s signs they still would not believe.

7:180 avoid the company of those blasphemes Allah. They will have judgement for what they do.

7:183 disbelievers are given time; Allah says his plan is firm

7:187 End Times will come unexpectedly

7:179 heedless animals, because you do not listen despite if we gave you all of Islamic history you would still find a reason to be "Christian" and support America these people could justify anything they believe to be fact, if we required you to be Muslim, you would still be against the country and want "freedom" hence why religion has failed the earth the earth will end, the

same goes for wahhabism. Why do you think so many children are born in wedlock? They are more worthless than sheep, sheep will listen and obey, these people will argue with you, but they still will follow anything or anyone. They care not that religion tried to whip you into shape in order to protect you in the real world, living in America we have a far different system where it’s up to you to be civil in society.

7:192 dua's for false gods do not work, that means if you are not praying to Allah to keep the earth going, you have no connection with a deity of any sort whether catholic, polytheist, or idolator etc. There is no bigger waste of time then praying to your false god. You will not be given a good deed for praying to your false god since you have the truth of Islam, and you chose your own personal desires. Not that it would matter to you anyways you don’t pray to your false god with the hope of going to Paradise.

7:204 if you listen and you pay attention to the Quran when it is recited, you will receive forgiveness for your sins from Allah.

7:206 prostrate to pray, this is what is taught to all Muslims

8:1 make amends with Allah for war bounties

8:2-4 believers hearts tremble when they hear Allah’s name. When the verses are recited, their faith increases. They rely on their Lord. True believers establish prayer and donate.

8:9-12 the Angels had helped in this war against the Quraysh where 10,000 were sent. These thousand Angels were the best along with the two thousand other Angels at the Battle of Badr. This verse is only for soldiers of war. I will strike terror in the hearts of those who disbelieve. This means you can intimidate those who go against Islam. The verse is in past tense.

8:20 obey Allah and his Messenger; turn not away from him when you hear him speak.

8:21 they were disbelievers who said they had listened to the Quran when Muslims started gaining control of Arabia but they did not listen.

8:22-23 the worst of humans are the willfully deaf and dumb who don't use reason. Had Allah given them the ability to hear scripture, they would have still turned away that means it is on them not Allah. It is a fact, how else can Gabriel and Allah word it? They claim injustice, but they never liked religion to begin with, it’s not like they became charitable and caring after leaving

religion. These same people would turn back if Allah gave them guidance, possible predestination considering so many people do not listen on this earth, send them anything that would either give reason to them or would appeal to them for the afterlife, they will not listen. I don't need to give evidence and reason that they are wrong with their beliefs, the same people know right from wrong. Whenever you mention the Quran, they will twist your words, they will take one sentence out of context, and then say you are not making sense. It happens every time. For the people that are dumb, you will never get along with them no matter how much they like you or if your hobbies match theirs.

8:27 honor your word

8:30 they plan and Allah plans, but Allah is the best of planners. Allah is one step ahead of them.

8:33-34 Allah would not punish a nation because they were trying to do the right thing. Allah does not punish those who ask for forgiveness. Abu Jahl a Polytheist told Allah to rain down stones from the sky to show Allah was a God, Allah wouldn't do this giving the Polytheists every chance possible at repentance.

8:38 those who disbelieve, their sins will be forgiven if they cease.

8:39-41 Fight until there is no more persecution in Arabia and the religion is of Allah, it doesn't extend to foreign countries. Allah has one fifth of war gatherings for Prophet Muhammad's near relatives the orphans, the needy, and the stranded traveler. Prophet Muhammad had not one dirham in his name when he passed away.

8:50 this is the second time Allah says he is the best of planners. Allah says several times he is the Most-Wise.

8:55 the worst of all people are those who refuse to believe in God.

8:58 if you see signs of treachery when signing a treaty, announce to them so they know it is nullified. Allah does not like the traitors.

8:60-62 prepare for war with neighbors, if they incline to peace, incline to it as well. Strike fear in them. Do not fall victim to their deceit.

8:65 the disbelievers who fight you are people who don’t understand

8:70-71 Allah will not leave you if you do not betray his followers; that is not asking much at all. Emigrate is to the religion of Allah, Allah wants you no matter what country you are in.

8:73 we have to support each other in wars

9:1 treachery violates a treaty

9:5 slay the polytheists wherever you find them. The Quraysh and Banu Hashim tried to kill Prophet Muhammad on his way to Medina. The Quraysh and Banu Hashim broke their oaths and conspired to expel Prophet Muhammad which is mentioned later in the Surah.

9:6-18 we have to protect polytheists who do not want war. Try to make a treaty with them, if they are kind, be kind back. Be honest and truthful with those who you make treaties with. Fight those who break oaths. The mosques are only to be maintained by those who believe in Allah, the Lady Day, establish prayer, pay zakah and fear none but Allah.

9:20 those who believe, emigrated, and strived for the cause of Allah with their wealth and lives are greater in the eyes of Allah, they will triumph on the Day of Judgement.

9:29 this was only intended for the Quraysh and the ones working in secrecy who the Muslims were locked into war with Gabriel and Prophet Muhammad must have been best friends. Gabriel wrote in the Quran why Prophet Muhammad fought.

9:30 they used exaggerated language to make it seem like Ezra was the “son of god”. This is because Ezra was the spiritual authority of Israel, the early Muslims referred to him as the “son of Allah” that was the title of authority. It was also used for naming some of the Rabbis in the Talmud. Ezra as the son of god also comes from the Third Book of Enoch and the Second Book of Esdras where Ezra is referred to as being the “son of god” several times. If Prophet Muhammad messed up the Trinity in other verses in the Quran, how come in this verse Prophet Muhammad didn’t mess up the Trinity?

9:32 the disbelievers seek to extinguish the light of Allah with their mouths, Allah’s light is perfected, the disbelievers dislike it. Allah warns that they are coming to destroy Islam.

9:34 scholars and monks will go to Hell if they hoard wealth; this includes Muslims who hoard gold and silver.

9:45 this verse was said to the Muslims who came with excuses as to why they didn’t want to fight the Byzantines.

9:49 skipping the battlefield will put you in Hell, this fixes Judaism where you can skip the battlefield as long as you still believe in their cause for their messiah, in Christianity I admit I don’t know exactly what percentage believes what but they believe always in pacificism where never to fight but I know there are plenty of Christian denominations that say you are ex communicated if you do not fight for instance the Crusades. In Islam, it is definite that you must fight in the wars.

9:50 if good befalls us, it distresses the disbelievers; but if disaster strikes, they say, "we took matter before" and turn away while rejoicing which is cowardice.

9:51 believers rely on Allah. Allah destines our fate, this is predestination.

9:53-54 the disbelievers do things to make people envy them. They do it to be seen. They don’t do it to please Allah.

9:64-66 Someone who converts to Islam cannot mock Islam after becoming a Muslim, this will lead to Hell. They must repent immediately for it. This opens the door of the possibility of some people being pardoned for rejecting faith, most apostates are sent to Hell.

9:71 men and women are guardians over each other.

9:80 the funeral prayer does not work to protect the hypocrites from the hellfire. They had every chance, and they didn't repent.

9:83 if they say no once to battle and come back a second time, they are not allowed to go the second time to battle

9:84 Prophet Muhammad was not allowed to pray for hypocrites, hypocrites are rebellious. The hypocrites who claimed to be Muslim and fought in the wars claimed to believe in Allah’s cause but didn’t. When the Muslims were not winning a war, they left the battlefield.

9:111 guaranteed Paradise if someone fights and dies for Allah’s cause

9:112 be peaceful and avoid evil

9:113 polytheists go to Hell

9:114 Prophet Ibrahim only prayed for his father’s forgiveness as a promise he made. Once Prophet Ibrahim knew his father was an enemy of Allah, Prophet Ibrahim broke ties with him.

9:129 tell those who disbelieve that Allah is sufficient for you. Being a Muslim means Allah is sufficient for you.

10:5-6 the sky, the Heavens, and the earth are signs that Allah is our Lord.

10:7 disbelievers are satisfied on the earth; this is still relevant because they are always happy with themselves even though they are hypocrites.

10:10 those in Paradise will cry during the hymns of praise they sing.

10:12 mankind asks Allah for Allah’s help. When mankind is taken from its hardship, mankind returns to its old ways.

10:22-23 the Israelites would send a prayer to our Lord alone to be saved from the tyranny or calamity struck in the land they were in. Once the Israelites were in the land where they were safe, they would transgress in the land unjustly. Sins are against your own soul.

10:32 this is in reference to playing chess and dice, don't do it.

10:38 if they say Prophet Muhammad invented the Quran, tell them to bring a surah like it. It took 13 years for Prophet Muhammad to have over 100 followers, this means there were other Prophets in Arabia where it took 13 or more years for them to have over 100 more or less followers. It is noteworthy.

10:62 those who are Allah’s friend have nothing to worry about in the Hereafter. Allah is offering you to be his friend. Prophet Muhammad wasn’t your enemy he was your friend; he was trying to invite you to life. Because people love what they believe so much they view him as an oppressor, they will keep writing things about Prophet Muhammad that isn't true.

10:65 do not let the disbeliever’s speech hinder you. All honor and power belongs to Allah. Since Allah has all power, that means all religion whose followers believe they will get power, or their false god has some sort of power have it wrong. Allah is the All-Hearing, All-Knowing

10:69 those who forge a lie against Allah shall not be successful

10:71-72 Prophet Noah asked for no wage for going on the Ark.

10:83-86 only some Israelites believed Prophet Moses. The Israelites were concerned they would get persecuted by Pharaoh and his chiefs. This event happened before Pharaoh's magicians believed in Allah when Prophet Moses performed a miracle in front of them.

10:92 the children of Israel saw Pharaohs dead body out as a sign for people who come after that Pharaohs story be told. The classic version of this verse is that Pharaoh's body was drowned and then came to shore for the Israelites to see, the body was not preserved, this is a new interpretation. Pharaoh's body is long gone. This is an example where Muslims today make religion bigger than it was intended for, I have seen that example before. When people get praise, they think they are a false god. That's what happened to Pharaoh, and it happens to this day. Pharaoh challenged Prophet Moses because he didn't want anyone to compete with him.

10:90-91 Pharaoh said shahada as he was drowning.

10:93-94 Allah addresses the Jews and Christians that the Prophets were sent to them. The Jews and Christians wanted Angels to deliver the Quran to them and not Prophet Muhammad. Gabriel tells Prophet Muhammad that if he is in doubt of the Israelite stories, ask previous generations taught to the Jews and Christians whose generations before encountered them living in Arabia. The Jews and Christians of Arabia knew the stories. Prophet Muhammad completed the stories revealing the infallible verses of the Quran.

10:99 you cannot force people to believe, they will not believe this makes sense because they always have a response of how you cannot prove the Quran is the word of Allah

10:100 a soul can only believe by Allah's permission. That means Allah chooses who believes and who doesn't. The Bible says if you want to believe you can, so faith is fair to everyone. All people of the earth know Prophet Isa. No matter how many times you tell them, in whatever setting, however well you are at speaking, they won't listen. Someone thinks for them in most cases which is a parent of theirs.

10:107 it is Allah who removes us from adversity

11:4 to Allah you will return. Allah is the Most Capable of everything.

11:17 polytheists and agnostics will go to Hell; I could be wrong about this.

11:38 Prophet Noah said to the disbelievers that if they mock the Muslims, then the Muslims will mock the disbelievers. Chiefs means that there were tribes in Yemen during that time.

11:40 a few went on Prophet Noah’s Ark. It wasn’t just Prophet Noah, his sons, and their wives. Prophet Noah said to the people of Ad he was giving them sincere advice and that he knew what they did not.

11:44 Prophet Noah's Ark is on Mount Judi in Naha which is in the Hejaz.

11:45-47 Prophet Noah cried to Allah for mercy for his son who was left off the Ark. Allah told Prophet Noah that his son had unrighteous conduct. Allah tells Prophet Noah not to ask him about what he has no knowledge of. Allah says this is to warn so Prophet Noah doesn’t fall into ignorance. Prophet Noah asks Allah for forgiveness.

11:49 the best reward in the Hereafter is for the righteous.

11:70 the Angels refuse to eat

11:84-95 Prophet Shuaib reminded the Midianites of the people of previous Prophets such as Noah, Hud, and Salih. That means the people of Midian at the time knew the stories since Prophet Shuaib told the Midianites of them. Prophet Shuaib came from a family of prestige. Prophet Shuaib reminded the Midianites against of the people who went against the Prophets Shuaib spoke of.

11:105 Allah will decide the will of his who will speak on the Day of Judgement. Some will feel miserable, while others will be happy.

11:106-107 the people who are sent to Hell will hear moaning and groaning. The longest someone can spend in Hell is the age of the universe.

11:114 good deeds do away with misdeeds

11:115 be patient, Allah will not put your deeds to waste. What would happen if humanity wasn’t patient and did not want hardships on the earth? Every generation has achieved patience and accepted hardships this historically. This is Yin and yang I believe that the Quran is getting at. Humanity has not seen embraced opposite since the beginning of time.

11:117 Allah would not destroy a community that was trying to reform. This could be interpreted as Allah wanted nations to be atheist and polytheist to see if a generation will come to terms with Islam.

11:118 mankind cannot be one community because we differ

12:18 as Prophet Jacob says, be patient when false accusations are made about you. This was in regard to Aisha's false adultery case. The Quran doesn’t mention Aisha by name, so she is not favored in the Quran.

12:20 the Quran uses the term dirham here when dirham and shekel mean the same thing. Dirham means silver in Arabic, it’s one way of saying silver.

12:21 Prophet Joseph is described from being from Misr, how could Prophet Muhammad have known this when all Bibles at that time described Prophet Joseph being from Egypt? The correct Hebrew is Mizraim in the Torah, Prophet Muhammad knew to use the right name of the location as Misr and not Egypt since that would be wrong and he would have an error in the Quran. Prophet Muhammad in his letter to Egypt, he called the land Copt not Misr, Copt was the name of the land at the time. If Prophet Muhammad wanted more followers, wouldn’t he call the land Egypt so the unlearned would understand the message of Islam better?

12:26-29 a witness from the family of the chieftain’s wife testified that Prophet Joseph was innocent. Because Prophet Joseph’s shirt was torn from the back, it proved he was innocent. Her husband didn’t believe her.

12:30 some women in Mizraim confessed the truth that the chief minister’s wife in Mizraim was trying to seduce Prophet Joseph by force. She was in love with him so much. The chief minister is called the al-Aziz as his title. That title is Arabian.

12:41 a crucifixion reference.

12:42 Satan caused the prisoner to forget to tell his master he served wine first to his master. Prophet Joseph remained in jail for years because of the prisoner forgetting.

12:43-50 the king of Mizraim went to Prophet Joseph’s cell to try to interpret a dream he had after his chiefs recommended that he speak to Prophet Joseph. The king was impressed with his ability to interpret dreams. The king later called the women whose hands were cut because of Prophet Joseph’s beauty. The king of Mizraim knew Prophet Joseph was

innocent because he saw the women whose hands were cut that saw his beauty.

12:51 the Quran calls the leader of Mizraim king during Prophet Joseph's time and not Pharaoh.

12:54 the king told Prophet Joseph he was of high esteem and fully trusted by the people of Mizraim.

12:55 Prophet Joseph told the king in Arabia during that time that he would be in charge of the storehouses of the land. He gave his word that he is reliable and adept. This means he didn't usurp the people of Mizraim.

12:56 Prophet Joseph could go wherever he wanted in Arabia.

12:64 Allah is the Most Merciful of the Merciful

12:86 Prophet Jacob had a tough time. The Prophets complain only to Allah. We both know this is to protect us always from our anger. The Prophets know from Allah what we do not know, that means the Prophets know Allah we do not, this means Prophet Jacob and Prophet Muhammad's word is good to declare this.

12:87 those who have lost faith in Allah no longer seek his repentance.

12:103 most of mankind will not believe even if you desire it eagerly. That means they won't listen to you no matter what you give them.

12:111 the Israelite stories are a lesson for men who understand. The Quran cannot be a fabrication, rather, it is a confirmation of revelation that was handed down from generation to generation, the Quran is a detailed explanation of all things, a guide and a mercy for people of faith.

13:2 pillars do not keep the sky up

13:7 people of every nation have a guide, even if you were living in polytheism in Sumeria you had no excuse not to follow the Straight Path. You have no right to claim when you are judged that you had no guidebook to life, you couldn't control whether to do the right or wrong thing as if you had to steal money to pay bills. It won't work, so don't try it.

13:9 things that are unseen. There are things that go on that we do not notice but are happening.

13:11 there are two Angels, one in front of us, and one from behind us wherever we go, they protect us from everything that is not decreed. Allah will not change your condition until you improve yourself by quitting drugs and alcohol meaning you will always be around it. When Allah intends ill for a people, there is no repelling it without any chance of changing it.

13:28 our hearts find rest worship of Allah.

13:29 perfect happiness is promised for the believers in the Hereafter which is an honorable destination. Happiness may be the priority all people want in life. Having perfect happiness, what more could we Muslims ask for? Allah knows us human beings too well.

13:38 Prophet Muhammad informed the polytheists that miracles can only come by Allah commanding the miracle.

14:4 Allah sent Prophets to all people’s meaning tribes in Arabia not nations, the term Prophet is only known to Arabia, Prophets were not spoken of in any other society.

14:7 if you are grateful to Allah, Allah will increase you by way of wealth, knowledge, a better connection with Allah, how others perceive you to name a few.

14:11 Prophet Muhammad and previous Messengers told the those who did not believe in Islam that the signs and revelation can only be sent by Allah’s permission.

14:19 if Allah wills, he can do away with you and produce a new creation.

14:29 every person that is sent to Hell is guaranteed to be miserable in it.

14:30 there were polytheists in Arabia that tried to set up their religious beliefs where their false god’s were equal to Allah’s throne to mislead others. These polytheists went to Hell for it.

14:32 ships sail by Allah's command.

14:42 those who corrupt the earth will stare in horror for the wrong they have done on the Day of Judgement.

14:48 the earth will be replaced along with the Heavens above.

14:49-52 the criminals who plan against Allah will be bound in shackles, their garments of liquid pitch and their faces of fire. The Quran is a

notification for us people that we may be warned thereby and that we may know as a fact that He is but one God and that those of us who have good judgment will be reminded. Those of understanding meaning people with knowledge are warned such as Joe Rogan, Dan Bilzerian, Richard Dawkins, and Kanye West.

15:2 often, those who disbelieve wish that they were Muslim. This means they think about being a Muslim a good amount.

15:9 Allah and Gabriel revealed the Quran, and they are its protectors. The Quran has been perfectly preserved just as Gabriel said the Quran would be, this was their promise to us Muslims.

15:24 this verse was revealed to confirm that Prophet Muhammad and Allah know who is taking looks at beautiful women in Mosques and who is not.

15:26-27 men are created from clay from an altered black mud while jinn are created from scorching fire.

15:28-43 Satan would not prostrate. Allah is describing the story. Allah is not saying Satan is an Angel. Satan corrupts the earth. Satan is the leader of the evil jinn.

15:51-60 the Angels sent to Prophet Abraham said to Prophet Abraham that Sarah was pregnant. Prophet Abraham asked the Angels why they were sent, the Angels said they were sent to tell him that the people of Lot were going to be destroyed and that Prophet Lot’s family would be saved except for his family.

15:61 three Angels came to Prophet Lot to explain what would happen to the people of Lot. Prophet Lot didn’t know what to do when the three Angels came, so he asked them to leave.

15:66 the Angels told Prophet Lot that in the morning, the volcanic eruption came at sunrise

15:67 the men of the people of Lot rejoiced and rushed to Prophet Lot’s house.

15:71 the people of Lot may not have been married. Prophet Lot offered to men of the people of Lot to marry women that would convert to Islam after marrying them, or Muslim women had come with Prophet Lot and he offered the men of the people of Lot to marry the Muslim women who went with him.

15:73 the volcanic eruption came at sunrise

15:91-93 the Jews and Christians of Arabia believed in some parts and disbelieved in others making it pointless. It is either all or nothing.

15:95 the Quran warned that yes you will be mocked for you Islamic faith, the Quran clearly knew the future for at the very least the Muslims during Prophet Muhammad’s time.

15:99 death is certain

16:2 "warn them that there is no Deity except Me; so fear Me."

16:9 people will deviate from the right path and Allah does not want to guide us all. This means "Sharia Law" can never be imposed on people or Americans. There will always be people who overconsume, steal from orphans, have bad manners etc.

16:15 plate tectonics

16:18 the believer cannot count the blessings of Allah. Allah is All-Forgiving, Most-Merciful.

16:23 Allah knows what the disbelievers conceal and what they declare. Allah does not like the arrogant. Allah does not like the proud, this means Allah doesn’t like pride. This means your life is going to be difficult dealing with arrogant people you work with day to day.

16:25 those who spread corruption on the earth will bear some of the sins of others on the Day of Judgement.

16:39 disbelievers are resurrected to show that they were liars.

16:43 although the context is different, this verse is to tell people who don't know what they are reading to ask around. Allah himself is entrusting us Muslims to explain scripture to those without knowledge. There is a level of trust between us believers and Allah. I know this in Christianity, but it isn’t in Judaism where Allah, the Angels, and the Prophets all trust with an infallible Holy book. This is a good thing that Islam does for the believers.

16:53 cry to Allah for help

16:58 the birth of a baby girl caused the polytheists wrath.

16:63 Satan protect nations he is their ally, this would explain why countries get away with so many injustices, because Satan lock the country down.

16:84 those who patiently endured go to Paradise. This means the believers waited doing the right thing.

16:78-79 Allah gave us hearing, vision, and intellect. Birds fly because of Allah.

16:90 Allah orders justice, good conduct, and giving to relatives. Allah forbids immorality, bad conduct, and oppression.

16:93 Allah would have made us all one nation. Allah chose to let us decide if we want to be rightly guided or not.

16:98-100 when you recite the Quran, first seek refugee from Satan, Satan is cursed. Satan has no authority over those who have believed and rely upon their Lord. Satan’s authority is only over those who seek him and not the Lord. This is another example of Quran verses that are by far the most important for believers.

16:105 those who do not believe in Allah’s verses are liars, truthfully, they do not want to accept Islam

16:106 if forced you can renounce your religion to keep yourself safe from death but not from persecution

16:115 only things forbidden in Islam. Does not include alcohol.

16:119 if you do wrong out ignorance or recklessness with actions and speech then repent, after that correct your ways, you will be forgiven no matter how reckless and how many times it takes. This is important because with your speech no matter how much you know or how good of a person you are, you will say ignorant things or say reckless things that are hurtful to others and luckily you can repent for it.

16:125 invite people to the religion of Islam with wisdom, and good instruction. This means good words and directions. Use the best manner when debating them.

17:1 Prophet Muhammad was transferred from the great Mosque of Mecca to the Al-Aqsa in Jerusalem Arabia. Either this is in a dream, or he had gone to it. It is possible he went to Second Jerusalem in Palestine.

17:2 Allah is the organizer of affairs

17:4-7 cause corruption twice which Prophet David, Prophet Jeremiah, and Prophet Ezekiel pointed out that their turning away and degree of haughtiness, the Israelites were invaded and conquered but had later won; this was a promise by Allah. The final promise of Allah was if "if you do good, you do good for yourselves; and if you do evil you do it to yourselves" this destroyed the Mosque because of sin. They had entered "Sulaiman's" Mosque a first time but didn't destroy it, only on the second time they did which we know from this verse that the Mosque was destroyed. On the first part of this, I don't know the war being referenced where they were conquered and Sulaiman's Mosque wasn't destroyed, it is possible it wasn't documented. It wasn't referencing the Babylonian captivity because most of the Muslims went to Palestine and back to Arabia, they didn't conquer the same enemy. In the word for word translation, "Sulaiman's Temple" is referred to as a Mosque and the Mosque is not exclusive to Prophet Sulaiman but to make matters easier, I refer to this Mosque as "Sulaiman's Temple".

17:11 man is prone to doing things that are without thought or care.

17:15 whoever is guided is benefited to their own soul. You err against your own soul.

17:16 inordinate wealth is brought in when a country is intended to be destroyed. With wealth comes corruption like in America with the debt ceiling

17:23 obey parents and take care of them. Don’t yell at them when they are an old age.

17:25 if you are righteous, he will forgive you and keep you safe, this means do everything you can to convince Allah you deserve more days on this earth.

17:31 orphanages and adoptions are required; you cannot kill your son or daughter in an honor killing. The cause is always most important, it comes first.

17:32 adultery is a shameful deed and an evil way.

17:36-41 do not follow that which you have no knowledge of; you need evidence before accusing people of things. Also, don't invade countries on

no claim at all, you need reasoning before invading. Do not strut like a champ, you cannot run the earth, no one has nor ever will. If you disobey, you are wicked. If someone tries to set up another deity than Allah, it won't work as warned in these verses. Mankind is reminded of this in the Quran, and it increases the disbelievers hearing this message out of pride.

17:44 there is not a single thing that does not glorify our Lord. This means animals praise Allah and are made aware that he is one. There’s a good chance that when a dog barks the dog is saying that he has a creator.

17:52 death to resurrection will be very short, another important verse short could mean 10 minutes in-between. It will be like waking up from a short sleep.

17:55 Psalms confirmation

17:57 this was to inform the humans who worshipped the jinn that the jinn had converted to Islam. The jinn before Islam used to be worshipped possibly in Judaism and Christianity without knowing not to do that. Jinn all throughout the earth were being worshipped as idols.

17:59 Allah and Gabriel were hindered from sending miracles because the miracles were rejected from the former people of Arabia that called the miracles “lies.” Gabriel used the example of the she-camel sent to the people of Thamud. The signs are only sent as a warning.

17:67 when your life is in danger, you forget your false gods and only remember Allah. But when Allah delivers you safe, you forget Allah. Humankind appreciates nothing. Prophets would always remember Allah and would pray to him for hour long sessions daily.

17:70 us children of Prophet Adam are favored over a great part of our Lords creations such as the jinn

17:78 the Angels of the night and day are present for the dawn prayer

17:79 Allah promised Prophet Muhammad that he would receive the highest layer of Paradise.

17:81 falsehood has vanished.

17:85 mankind only has a little knowledge of the Spirit of Allah; we know hardly anything about our Lord. This means Prophet Muhammad had a plan for the earth, but the earth wouldn’t listen. Prophet Muhammad would have

made mankind achieve levels of success unseen to mankind making us near perfect people.

17:88-89 we cannot produce a Quran, it won't spread as far. Also, there are many different elements to get humans to believe in the Quran.

17:90-93 the polytheists wanted a spring gush from the earth as a sign from our Lord that Muhammad is a Prophet. The polytheists also wanted a miracle of gardens and palm trees with rivers flowing abundantly from it. The polytheists also wanted a miracle of the sky to fall to pieces. The polytheists wanted a miracle of seeing Allah and the Angels face to face. The polytheists wanted miracles of seeing Prophet Muhammad live in a house of gold or ascend to the Heavens. The polytheists also wanted a miracle of a Holy book special for them.

17:97 Allah protects disbelievers in Hell. However, they will be blind, dumb and deaf. So, anything you learned on earth had no effect on you.

17:013 Pharaoh and all his soldiers drowned

17:104 since Prophet Moses is the leader of the Muslims, Allah is speaking to the Muslims to enter the land of Mecca. It could be said to those who were both the seed of Prophet Ibrahim and Muslims. In this verse, Allah promises that people will be gathered in Arabia when the end of the world is near.

17:107 those who believed in previous scripture fell upon their heads in prostration when they heard the Quran

17:110 do not lead Salah in a soft voice

18:4-5 warn those who say Prophet Isa is the son of Allah. They have no knowledge of it, nor did their fathers. It is merely a lie.

18:9-26 you must say Insha’Allah after Prophet Muhammad didn’t provide people with the story in the cave. Prophet Muhammad was supposed to say Insha’Allah after coming back a day later with the story to provide to the pagans. The story of the Seven Sleepers is a story of seven young men that were persecuted who after being persecuted lived in a cave until they were 309 years old. Say everything with if God wills. Allah knows the unseen of the Heavens and the earth. This means Allah knows more than any human to walk the face of the earth. The story of the Seven Sleepers has the concept of Time Travel in the future.

18:27 none can alter the Quran. The Quran revealed by Prophet Muhammad cannot be corrupted. The verse doesn’t say anything about the Bible we have today.

18:29 let him believe or disbelieve. The drink in Hell will scald the faces of those in Hell who drink it.

18:40 the Lord may give a believer something better.

18:50 Satan is an evil jinn. Satan is the only jinn mentioned by name in the Quran. Since Satan was with the jinn, Satan is a jinn. Satan did not “become” a jinn.

18:54 mankind is the most argumentative of all beings. This shows mankind enjoys arguing at least most of the time since mankind wouldn’t invest so much time in it.

18:65-82 Prophet Moses meets the servant of God; we do not know his name.

18:79-99 the Quraysh sent two men in their tribe to ask Prophet Muhammad three things to see if Prophet Muhammad was a Prophet. One of them was about Dhul al-Qarnayn and Gog and Magog. Gabriel delivered these verses of the Quran to Prophet Muhammad. Prophet Muhammad answered all three of the Quraysh’s questions. Gog and Magog will be opened, there will be a metal wall preventing Gog and Magog. A horn will be blown during End Times. The sun will rise over these people who have no protection from its rays. The person is Cyrus the Great for fleeing the Muslims from Babylonian Captivity. During End Times, the sun will set in a black hole, that is what a muddy spring is.

18:102 Hell is a lodging for disbelievers

18:103-106 deeds become worthless if you are a disbeliever. If you took Prophets for ridicule you lose, that means many of talmudists lose in fact many people from around the world lose. This could also apply to people who just mention Prophet Isa for narrative to hate Islam, we don't know.

18:108 we will not desire to leave Paradise. This means nothing the earth has to offer us could possibly compare to what is in Paradise. What if the world had no value nor did anything on the earth mean anything even down to our hobbies and this was all a test, there was more to the Heavens that we were not told about? What if our feelings and emotions didn't matter? All

these memories you wanted to have on this earth will be replaced with something different, but you prefer it. I've already proven envy or life goals are lies. I already believe the Quran is to inform us that everything is done, the fight is over. The earth has no more steps forward, life has no purpose beyond the Quran and that's it. All our ideas on how to run the earth had no value since we all enter Paradise the same, no different afterlife's.

19:7 the Angels announced to Zechariah that his son’s name would be Yahya.

19:12-14 Prophet Yahya was pure like Prophet Isa that all Prophets are pure this means he couldn’t sin.

19:16 Maryam left her family and went to a place in the East which is Eastern Arabia.

19:17 this verse is the Annunciation. Gabriel had appeared to Maryam as a man in good physical shape.

19:19 Prophet Isa says he is pure to his mother Maryam.

19:23-26 Prophet Isa's birth caused Maryam much distress, she laid by a palm tree, was told to shake it, and she did. This means Prophet Isa was born between July to the end of September, we know when Prophet Isa was born thanks to the Quran, every Christian must try to disprove this if they want to defend their faith. Date palm trees were first domesticated in Arabia 6,000 years ago. The Prophets and religious figures did exist, but the genius is that they didn’t look, sound, or act like what someone taught you at Bible Study. Bible Study even carried over into people thinking the Prophets and religious figures were that way in Islam for most Muslims only a small portion think outside of what they were taught. To get at sense, only Muslims knew the Prophets were Arabs. The Arabs along with their Arab Prophet leaders were the ones entrusted by Allah to teach us life through their three Abrahamic religions. Granted people of other races lead Judaism and Christianity, but the Arabs set the faiths for them, now the Arabs religions cover the earth.

19:28 sister of faith of both Prophets Prophet Moses and Aaron is a reference of Maryam’s Levite lineage which all three of them are. Maryam was probably 16 to 22 when she had given birth to Prophet Isa.

19:30 Prophet Isa says he is a Muslim. The Quran is the only source of Prophet Isa that is confirmed because the Quran has no errors.

19:32 Prophet Isa testifies that he was made kind to his mother, he was not overbearing for her, and he was not arrogant of Islam by Allah’s will. Prophet Isa was not miserable. The person who was crucified in the false gospel was miserable when he was being crucified.

19:33 Prophet Isa says peace be on me on the day he was born through his whole life and his Hereafter.

19:51 a messenger is one charged by Allah to reform society, a Prophet is one who received revelation from Allah.

19:56-57 Prophet Enoch was a man of truth and was raised to a high status.

19:58 Prophet Jacob is called Israel in this verse. This verse confirms that Prophet Jacob’s name was changed to Israel later.

19:59 those who had neglected prayer will have no good deeds on the Day of Judgement.

19:60 those who repent, believe, and do good will not be denied Paradise.

19:61 Eden means Paradise

19:64 Gabriel tells Prophet Muhammad that Angels only descend to earth by our Lord’s command.

19:70 Allah and Gabriel have the best judgement of who the inhabitants of Hell are.

19:71 everyone will go on the bridge to cross over Hell when they are crossing the bridge to Paradise. This excludes the martyrs.

19:72 Muslims who are true believers will never burn in Hell

19:83 disbelievers have devils upon them to incite each other, this explains why you see protests on the news and counter protest clashes. This would also explain clashes on the internet.

19:96 if you believe and act righteously, you will get Allah’s love.

20:11-14 Allah instructed Prophet Moses to take off his shoes on Mount Sinai. Allah told Prophet Moses at Mount Tuwa “it is truly I, I am Allah!” Prayer is for remembrance. If you don't pray, you will forget our Lord is real or have doubts. Whatever you are doing, stop what it is to offer prayer at least once a night; in context nothing is more important than prayer. If you

refuse, you will think of Prophet Muhammad and all other Prophets as wrong, according to scriptures he is a Prophet, but there would be no such thing as Prophet or no value to it at all. If you think there is no proof, you didn't pray.

20:17-18 Allah knowing what the staff of Prophet Moses is for asks Prophet Moses in order to acknowledge it.

20:38-39 Prophet Moses’s mother lived in near Mizraim in Southern Arabia. Prophet Moses’s mother was inspired by an Angel to send him on a river to Pharaoh as an infant. The Angel told Prophet Moses’s mother that he was going to Pharaoh. Pharaoh was an enemy of the Israelites at the time when Prophet Moses was sent on the river.

20:44 Prophet Moses is speaking sarcastically to Pharaoh and his magicians here.

20:46 Allah assures the believers that He is with them.

20:50-52 Allah gave everything life and guided it properly, He neither errors nor forgets.

20:56-73 Pharaoh denied all the signs and refused to believe. Pharaoh schemed for his magicians how to win against Prophet Moses. Prophet Moses told Pharaoh’s magicians that those who lied against our Lord would fail. Pharaoh and his magicians’ thought Prophet Moses was a magician performing magic. The Mizraim magicians told Prophet Moses either he goes first, or they go first. Prophet Moses told the Mizraim magicians to go first. The Mizraim magicians had performed magic where their ropes and staffs became snakes. Prophet Moses was afraid, and the Angels assured him that magicians can never succeed where they go. The Mizraim magicians became Muslims after seeing the miracle performed before them. Pharaoh got angry and threatened to crucify the Mizraim magicians on palm trees which are found in Arabia. The Mizraim magicians stood up to Pharaoh and said he forced them to perform magic, the Mizraim magicians wanted to be Muslims.

20:77-79 the Angels told Prophet Moses to lead the Israelites at night. The Angels assured the Israelites that they would not drown from the river they crossed in Arabia nor would Pharaoh’s army catch them. Pharaoh and his army were killed in a flash flood. The verses do not say “Red” nor “Red Sea.”

20:82 Allah is the Most Forgiving to those who repents, does righteous deeds, and keeps to the Right Way afterwards

20:110 Allah knows everything about us including the past and the future about Allah's earth

20:114 ask our Lord for more knowledge through prayer, when you study scripture and you explain it, you're dialing in you are using a code of some sort to tap into your brain's capabilities. This is complicated and deep material; you have to talk to me in person and I will show you how it works. I have examples of historical religious figures throughout history who have done this.

20:117 Prophet Adam was told that Satan is a clear enemy of his before eating from the Tree of Immortality, that Prophet Adam and his wife would be driven out of Paradise. Prophet Adam's wife is not mentioned by name. Prophet Adam was upset being kicked out of Paradise.

20:118-119 Prophet Adam was neither hot, thirsty, nor hungry in the Gardens

20:120 Satan whispered in Prophet Adam's ear to go to the Tree of Immortality claiming it would make a kingdom that does not cease

20:123-124 you will neither go astray nor suffer, consequently whoever forgets Allah will face a miserable life. That means all these Jews and Christians who want "religious freedom" meaning they turn away from religion and are only religious by name not by practice got it wrong, it is in your best interest to serve and worship the Lord.

20:130-131 praise Allah in the morning and in the night to satisfy yourself being supplied from our Lord is better and more enduring

20:133-134 nothing was good enough for those who fought Prophet Muhammad, they claim a sign but if they were destroyed, they would respond by asking why a Messenger was not sent for them, they think they were wise, but they were not. Prophet Muhammad healed people and brought them food when needed, he performed miracles. When people say the miracles could have happened, but they weren't there for it, they are calling Prophet Muhammad a liar. The miracles did not "partially" happen for one of them to say, "there's some truth in it". Prophet Muhammad spoke to Allah, clearly someone who says that denies that Allah exists or that Allah has messengers. Even if they were there for the miracles, they would have

some reasoning like “science” were behind it, multiple false gods were behind it, or they may even say “I can perform a miracle like that too”, no. These are the same people who say, “how do you know ogres aren’t real” Their goal is to tell you that you are wrong, and this is their proof they expect the Quran to list every mythology possible to have it be disputed for them to then say “I don’t believe the Quran, I believe aliens are real”. The Quran tells us what a fact is and what is not to give every answer to every theory possible. Islam answers all the doubts we have, Islam doesn’t create new doubts from the Quran. Besides, it is not relevant if aliens are real or not. There could have been aliens but that doesn’t mean Angels don’t exist because the Quran didn’t give someone the explanation they wanted.

21:7 and we sent not before you Prophet Muhammad but men who We inspired. This verse confirms that there are no female prophets.

21:8 the Messengers not mentioning Prophet Isa did not have supernatural bodies, they had to eat food and they were not immortal.

21:13 Angels use sarcasm and ridicule; this shows the Angels don’t take people’s verbal abuse.

21:21-22 the false gods don't resurrect the dead and these false gods would have been within the Heavens and the earth which would have ruined them. Allah's throne is above the Heavens.

21:23 Allah will not be questioned for what He does, we will be questioned for what we do.

21:29 Angels are on the earth day and night.

21:30 the Song of the hoe

21:32 the sky is a ceiling.

21:33 Allah created the day and night; the sun and moon move in an orbit.

21:34 if no man has lived on the earth forever, the Quran has the Arabians question if Prophet Muhammad will. The Arabians found out later that Prophet Muhammad died.

21:35 good and evil is a test, to us you will return. Islam is the only religion that is explicitly that we worship for the reason of to go to the Heavens. No other religion explains why their follower’s worship.

21:41 previous Messengers were ridiculed before Prophet Muhammad. What mocked the previous Prophets caused their demise. For instance, they would mock a Prophet for preaching Islam claiming their false gods knew better, yet their false gods would fail them because they couldn’t run a society through their false gods.

21:48 we are given the judgment of right and wrong from scripture.

21:58-70 Prophet Ibrahim broke idols at a festival was thrown into a fire for it, Allah made it cool and safe for him. Some described Prophet Ibrahim as a young man when he broke the idols. This means the Biblical accounts of him marrying Sarah at an old age would be false if proven factual. Also, Prophet Ibrahim would have been a major Prophet for upwards of 60 years if proven true.

21:71-72 Prophet Ibrahim and Prophet Lot along with Prophet Isaac and Prophet Jacob were given West Arabia which was blessed at the time and fruitful.

21:83 when Prophet Job cried out to Allah, Prophet Job said to Allah that Allah was the Most Merciful of the Merciful.

21:85-86 Prophets Ishmael, Idris, and Ezekiel were men of constancy and patience who were admitted to Paradise for they were righteous ones. Prophet Muhammad went to Paradise and Hell to tell us what it is like in both. That is his testimony.

21:92-93 there is but one religion yet us humans keep adding and subtracting practices that suits us best, we don't all agree on our faith, we will not obey 100% anyways or we will just add or subtract to it

21:95 Allah and Gabriel decreed that every town they destroyed would not come back.

21:96-97 Gog and Magog will be opened during End Times.

21:98-103 those in the Banu Makhzum clan that supported their leader Walid ibn al-Mughira went to Hell. If their false gods did exist, their false gods would go to Hell. Idolaters, polytheists; false monotheistic god's, anyone guilty of other than worship of Allah are all going to Hell. Had they have been god's; their worshipers would not have gone there. Believers are far removed, and believers won't even hear a sound from Hell. Angels will greet believers saying, "this is your day which has been promised."

21:104 we will be created again on the Day of Judgement; Prophet Ibrahim will be clothed first

21:105 the Quran references the Psalms that Allah’s righteous servants shall inherit the land of Arabia.

21:106 the Quran is sufficient as a reminder for those devoted to worship.

21:107 and we have sent Prophet Muhammad except as a mercy to the worlds. The Israelite religion of Islam was lost or distorted. Islam was completed after Prophet Muhammad with the Quran.

21:109 the Quran was to be known to all people not just the Israelites. This is believable because the Israelite stories were never intended to leave Arabia, the Israelites were an unknown people with scarcely records of them existing. It wasn’t until they went from Babylon to Palestine that they became known. If people don’t believe the Israelites existed and they lived in Arabia, then which nation or tribe lived there during that time?

22:2 during End Times nursing mothers will be distracted from their children, mothers will abort their pregnancy; people will be intoxicated without drinking

22:6 one of Allah’s names is the Truth, to be a pious Muslim, always tell the truth

22:11 no matter what do not leave prayer or accept a better offer in life from a false god, your deeds will go to waste. Also, die of starvation if you have to. There are those who are Muslim but when afflicted with trials, they leave Islam. They are the clearest losers.

22:15 whoever thinks Allah will not help them on this earth should hang themselves with a rope to see if his own anger outrages Allah.

22:17 no matter what you believe, you will be judged on the Day of Judgement. We don’t know anyone’s fate of any faith. This verse includes all other religions which means all will be judged by Allah.

22:38 Allah defends those who believe. Allah does not like treacherous or ungrateful

22:39-40 war approval if driven from your home. This was to explain we are allowed to fight war on the final month.

22:44 Prophet Moses was called a liar by Pharaoh.

22:46 disbeliever's hearts are blind to the truth; you don't see but you know it is there.

22:47 one day in Paradise is one thousand years.

22:53 those who follow Satan have hearts that is a disease. The term they use in today’s world is developmental issues. This is a way of how the earth chooses not to address the world’s problems while hiding the truth.

22:57 there will be shame in Hell for the inhabitants of Hell.

22:58 Allah is the best of providers.

22:63 Allah sends rain down from the sky

22:65 Allah prevents the sky from falling onto the earth

22:78 religion isn't difficult to follow. Gabriel told Prophet Muhammad that Allah named the Israelites Muslims, previous Messengers told the Israelites that they were Muslims. Gabriel also says that there were lost Scripture that showed the Prophets told the Israelites they were Muslims. This also means the word Muslim was far before the 7th century.

25:251 if Prophets weren't tested, the earth would have been corrupted. Also, Prophet David killed Goliath.

23:1-11 pray, turn away from ill speech, pay the zakah, don't commit adultery and tell the truth. Those are the ones who will inherit al-Firdaws.

23:12-14 Allah and Gabriel say that humanity was created from clay and the clay developed into a clot, the clot was created into a suspended thing. This is a miracle that Prophet Muhammad knew a clot would develop into a suspended thing.

23:30 we are ever testing our servants. That means we humans are always being tested on the earth.

23:51 Allah is good and only accepts that which is good. Allah has commanded the believers to do that which the Messengers have commanded.

23:62 no soul is charged with what it cannot handle. This also means Hell is not eternal, no one can bear it.

23:78-80 Allah gave us hearing and vision and hearts, He multiplied us, and gives us life and death, and the cause of day and night. Little are we grateful for our hearts, someday they could be shut off, a generation may not be able to receive this message or understand morality.

23:97 devils are sent to give us bad thoughts to do bad acts. This is why life is a prison, we will always have bad thoughts, this is why countless people claim to be sad inside and why we have to make the most out of life.

23:101 on the Day of Judgement, people will be focused on the judgement taking place.

23:104 the hellfire will burn their faces and have stretched smiles

23:115 we were made with a purpose, there are laws to life, we are not useless unless if we choose to be. This means "Jihad" is a lie, purpose and "Jihad" isn't the same. Jihad cannot mean holy war because there are two Arabic words used together to mean holy war. The first-time holy war was used throughout history was during the Crusades.

23:117 if it isn't Allah you are worshipping, you are a disbeliever; we have no proof for another God.

24:2-6 flogging for adultery with four witnesses, let a group of believers watch. Adulterers and idolaters are not to marry except each other, do not marry someone who willingly will commit adultery with someone unless if they repent and reform. This verse is about a man wanting to marry a prostitute who wanted to marry him while they committed adultery. This verse can be read as those who commit adultery will marry other adulterers. Don't ever take someone's testimony if they lie about a woman being unchaste, they are to be flogged. These are the defiantly disobedient, except for those who repent and reform. Only then will they become part of the Muslim community again. If you're the only witness of your wife committing adultery, it will count as four witnesses. If a fornicator marries a fornicator the marriage is not valid and is to be made null. The fornicators must repent for their sins in order for the marriage to be made valid.

24:11-20 verses revealing Aisha's innocence, it took a month to be revealed, probably to make her endure it to better herself. One thing of note is that Khadija Prophet Muhammad’s first wife is not mentioned in the Quran, that means the Quran wasn’t written to elevate his families’ images. Think good of others. This is crucial because if we don’t accept each other then there is no reason to defend your country in a war. Whoever reveals their immoral

sexual behavior is to be publicized. Allah knows best and you do not from Gabriel.

24:21 do not follow in the footsteps of Satan; he follows in wickedness and wrongdoing.

24:23 whoever accuses chaste women of adultery will go to Hell, that’s a benefit for women getting the right to laugh at someone burning in Hell.

24:25 Allah is perfect in justice. But you refuse to wait for justice in the Hereafter, you want to blame everyone for what we all don’t want to witness. You only make life than it ever was on yourself.

24:26 corrupt women are for corrupt men; good women are for good men.

24:27-29 privacy rights; enter homes until after they've greeted you; don't enter if no one is in it. However, houses that are unoccupied can be entered by anyone.

24:30 this verse can be read as live a modest life.

24:31 restrictions on marriages, the term for this is your Mahram relatives, this is also not a hijab reference the word is khamr which means a cover to be over their breasts. Women cannot expose their jewelry except in essential areas such as face or hands, no neck jewelry.

24:32 marry those who are single. If a male or female is poor, Allah will enrich them in marriage. This means Allah wants Muslims to be successful on the earth.

24:33 prostitution is illegal. Give your slaves freedom on an agreed upon price.

24:35 Allah has perfect knowledge of everything.

24:39 deeds will go to nothing if you are a disbeliever.

24:43-45 Allah holds the clouds up. The clouds are heavy. Allah sends hail and decides who gets hit by it. All living creatures are created from water. Allah has power over everything.

24:47-52 the hypocrites only obey what caters to them. Only true believers judge what is given to them, they hear and obey our Lord. Then on to the next batch of humans. We hear and we obey to the call of Islam and to none else.

24:55 whoever disbelieves after a leader has been established to rule the land, you become the defiantly disobedient as appose to a disbeliever.

24:59 once they hit puberty, they can go off to war.

24:60 women who are past the age to conceive no longer have to dress modest so long as they are not seeking a husband

24:61 all family members can eat together in the same room

24:94 Gabriel tells Prophet Muhammad not to dispute or argue with the People of the Book

25:5-8 Prophet Muhammad was accused of plagiarizing ancient stories and myths. The people of Mecca thought scripture is mythology as they were revealed to us through Prophets by Allah, Allah knows the secrets of life. It wasn't enough that Prophet Muhammad wasn't rich for the people of Mecca. The people of Mecca thought Prophet Muhammad was a creative man like someone writing his own movie or was plagiarizing myths. The Arabs knew there were Gardens that possessed a special kind of food, this meant the Arabs knew of the Gardens of Eden.

25:17-21 the disbelievers and those guilty of shirk will be gathered, the believers will be asked by Allah if they were responsible for his servants who were led astray. The believers will confess the truth that Allah lavished pleasures on these people, and they forgot the message and became doomed to their destruction. The believers will deny the disbelievers in what claims they bring forth. Some people were made as tests for us believers to see if we keep our faith and remain patient. Disbelievers will say "why were Angels not sent down to us or why do we not see our Lord" these are the ones who are too proud and have gone beyond all limits in rebellion; they blame our Lord for their choice. False idols will deny the disbelievers on the Day of Judgement saying that they do not know them.

25:30 Prophet Muhammad will cry on the Day of Judgement for those in the Ummah who abandoned the Quran on the earth.

25:32-33 the Angels are within the clouds. The disbelievers ask why the Quran was not revealed all at once. Allah had to convince them slowly, our minds do not accept anything all at once. This was also done so that when a strange question was asked, we would have the explanations to it.

25:43-44 the majority who claim his false god follows his desires do not hear a call nor use reason, they are more astray than cattle. We Muslims are not responsible for them.

25:51 Prophet Muhammad is enough for the world to know about it, a Messenger would not be sent to every town

25:53 halocline.

25:59 the Heavens and the earth was created in six days. Since the Quran contains miracles and claims to be infallible, that means the Quran is either all correct, or all wrong, the Quran cannot be 15% correct with a few miracles in the Quran that people knew as fact for that time where Prophet Muhammad could have plagiarized it for the Quran saying he discovered a scientific fact that was already well known at the time. This goes beyond how there is clear archeology of the Prophets existing.

25:60 the more you speak out against prostration, the more you increase in your dislike of our Lord

25:63 use words of peace, be calm when people ridicule you

25:68-71 shirk, and adultery is forgivable so long as you repent. If you do not repent, you will get twice the punishment on the Day of Judgement. Murder is not unless it is a just cause, this was not abrogated. The Jews' claimed abrogation wasn't permissible so that was a claim they used against Islam. Abrogation is in the Torah. The Torah says it cannot be added nor taken away. That does not mean the Torah cannot be abrogated with later verses. In the Talmud, the Rabbi's disagreed over if the Torah could be abrogated or not.

26:19 Pharaoh claimed Prophet Moses was ungrateful for forgiveness of murder being allowed to live under him

26:29 Pharaoh claimed to be a false god. Pharaoh didn't understand that Allah is higher in rank than him, no one or Allah could be a higher ruler than him. That was how the chain had worked; it wasn't that Pharaoh was Allah but that nothing, including a deity, could claim higher status than him. Pharaoh was a polytheist who thought Prophet Moses was a liar that would change the Arabians religion and cause corruption in the land.

26:33 Prophet Moses's hand became white when he drew his hand or his hand made the entire place shine bright.

26:69-74 idols don't do anything they don't cause any harm or do they bring anything. Because the people during Prophet Ibrahim's time saw their parents doing it and were intimidated by their parents, they continued the practiced. Prophet Ibrahim prayed for knowledge and wisdom, Allah have given him food and drink, he also healed him when he was ill.

26:94 idols are Jinn; they will also be thrown into Hell for not worshipping our Lord

26:110-121 the people of the local tribes in Sothern Arabia didn’t believe Prophet Noah’s preaching because they believed only the most horrible people would go on his Ark. Prophet Noah said to the people of the local tribes that only Allah judges who is the most horrible. The people of the local tribes in Southern Arabia said Prophet Noah would be stoned if he continued to preach. Prophet Noah told our Lord that his people rejected him. Prophet Noah wanted the people of the local tribes in Southern Arabia to listen, they were his people.

26:123-139 During Prophet Hud's time, the people of Ad became too wealth, so they turned to idols as a result of their wealth. It didn't intrigue them the thought of good morality, so they went to idolatry as a more viable option for them. The people of Ad called Prophet Hud a liar. They thought none was greater than them in strength. When they saw the windstorm of the west wind Allah had sent to destroy their valleys, they rejoiced thinking it would water their crops. The windstorm destroyed the tribe and the people from within it leaving nothing and reducing it to rubble and turning the once fruitful land into sand dunes.

26:141-158 Prophet Salih condemned the people of Thamud for turning to idols because of their wealth. The people of Thamud did not pay the zakah. Prophet Salih spoke out against pride. The people of Thamud called Prophet Salih a liar. All Prophets spoke of humbling yourself. They were told to enjoy themselves for a while unless if they repented, they would be destroyed as a result. Prophet Salih told the people of Thamud that he gave them sincere advice, but that they don’t want sincere advisers. The people didn't believe him for being a human being, a member of their own nation, for being a single man instead of a prominent member of society with an army of soldiers. Prophet Salih had given the people of Thamud a she-camel as both a blessing and a test for a sign they had requested from him. Nine of the unrighteous people, including a haughty chief, had slain the she-camel for drinking all the water in the well for a day. People were

frightened about it, but those who were guilty weren't. Also, it didn't intrigue the people the thought of good morality, so they went to idolatry as a more viable option for them, they preferred to remain blind rather than be guided. They plotted to kill Prophet Salih; however, Allah plotted with Prophet Salih to kill them. A terrible earthquake had come and destroyed the majority with their bodies becoming trampled; they perished because of their sin. How did Prophet Muhammad know that many people will forsake religion when they have too much wealth? This is the same as status in today’s world, how it causes people to become people they are not. The stories repeat.

26:160-174 Prophet Lot condemned the tribe Bani Na'im for homosexuality; they were decreed that they would be destroyed. Prophet Ibrahim was also present for it. They were all drunk, they rejoiced and visited Prophet Lot. The people of Lot heard men were visiting their town when they heard about the three Angels visiting. Prophet Lot was threatened to be expelled by the people of Lot from the town if he did not stop preaching. By sunrise, rain of some kind showered the tribe which was a volcano. All but his family not including his wife died turning into baked clay with their eyes burnt out. The Angels had delivered the message to Prophet Lot why the event took place. Allah asks you how the animals do not engage in homosexual acts why do you? Allah states not to engage in homosexual acts in verses later calling the people of Lot “transgressing people”.

26:176-190 Prophet Shuaib had warned the people of Aiykah which are Midianites to stop cheating others in business through dishonesty, spreading corruption, and their idolatry practices. The people called him bewitched, a liar, and tempted him to cause a piece of the sky to fall as a way of mocking him. An earthquake came and destroyed their homes, all died from it. The disbelievers call this story “Arabian mythology”, yet the archaeology confirms this story happening as with all other stories in the Quran.

26:195 the Quran is in clear Arabic language

27:16-19 Prophets David and Sulaiman could speak to birds, both had wisdom. Soldiers, jinn and men marched in rows to honor Allah until they came upon a valley of ants Prophet Sulaiman hears an ant warn of him walking towards them. Ants can speak to one another.

27:22-28 birds would come to Prophet Sulaiman and give him news talking to him. The birds were good at messaging Prophet Sulaiman. The birds would also deliver letters for him flying in South Arabia.

27:28 the beast during End Times

27:32-39 the Queen of Sheba's name is Bilqis. A mighty jinn was one of the queen of Sheba's chief; the mighty jinn responded to Prophet Sulaiman. The mighty jinn would later work for Prophet Sulaiman where the queen of Sheba's kingdom in Yemen became part of Ancient Israel.

27:54 Prophet Lot is from the town of the people of Lot.

27:76 all had agreed Prophet Muhammad was a Prophet by the time he conquered Arabia

27:77 be good to others as Allah has been good to you

27:79 so put your trust in Allah, and there will be no shortage of people who try to advert you from your connection with Allah that they view you are their enemy of their false god which I have provided previously of the names of these groups

27:82 during End Times, the beast will come out of the ground and talk to the disbelievers

27:02 guidance is for your benefit

27:93 the Lord will show us his signs in our lives, and we will recognize them

28:15 Prophet Moses unintentionally killed a man when he tried to break up a fight between two of them. Both Prophet Moses and Prophet Muhammad were appointed prophets unexpectedly.

28:36 the people of Korah's rebellion against Prophet Moses.

28:38 Pharaoh wanted to build a high tower in Mizraim in Arabia using bricks of clay to see God. Pyramids are not towers. Pharaoh was a polytheist.

28:46 there was no Messenger sent to the people of Mizraim during Prophet Moses's time.

28:47-60 the disbelievers of Mecca expected miracles and they weren't going to get any. They would have denied the tablets of Prophet Moses. If there is a book with better guidance, then produce it. Even before, they were already Muslims; the reality is the disbelievers of Mecca weren't righteous enough. Allah decides who is cooperative with his guidance. Much like previous Messengers, they took no notice of their warnings and continued their evil ways. These people lived the worldly life with an enhancement of lying, cheating, stealing etc. The Angels knew many people would take the worldly life for thrill; they were always informed from the beginning of time. Gabriel tells Prophet Muhammad that he cannot guide everyone he likes to Islam. It is Allah who guides whoever He wills to Islam. It is not Prophet Muhammad's job to guide people, Prophet Muhammad cannot guide anyone. Allah is willing people in every country which is the key here not the guidance but willingness. If they fit a certain criterion, they will be created/willed, no country in any point in history could prevent this from happening with any method attempted, good will never be stopped. We cannot guide people, Allah guides those He wills.

28:65 Allah knows best who are fit to be guided

28:76 Allah does not love those who are happy doing the wrong thing.

28:83 those who do not seek superiority on the earth or spread corruption will be rewarded with the Hereafter. This is good because it teaches people not to compete in the belief that the world needs you the most, that is what happens when someone feels superior to the rest of us. Islam fixed Judaism where anyone who wasn’t a Jew was cattle the lowest of low. Islam tries to invite people; Judaism seeks to bring those who do not believe in their cause down. If you can promote the truth which is knowledge, you will be given Paradise. Knowledge is part of faith in Islam.

28:86 Korah, son of Esau who had too much wealth rebelled against Prophet Moses

28:87 invite people to our Lord

29:6 Allah doesn't need anyone

29:14 Prophet Noah lived with the people of Noah for 950 years. This was not unheard of, ancient kings of every society lived to a very old age.

29:28-30 highway robbery and acts against travelers such as looting were banned by Prophet Lot

29:32-35 all of Prophet Lot’s family was saved except his wife. When the Angels came to Prophet Lot, he was distressed and worried about their arrival. The Angels reassured him saying “do not fear, nor grieve.” Some of the ruins were left behind, not the Dead Sea, the Dead Sea would not be some ruins.

29:41 those who take allies other than Allah have the weakest allies.

29:45 prayer prohibits wickedness and wrongdoing

29:46 don't argue with People of the Book. Say "we believe in what was revealed to us and what was revealed to you. One is our Lord and your God; and we are those who submit ourselves to Him." We worship the same God. You are asked to engage in debate, nothing is hidden. I consider Christian, Jew, Druze, Zoroastrian as People of the Book. Others consider other beliefs such as hindu, buddhist as well. What Prophet Muhammad may have meant is that your God and my God is the same as Christians that the correct interpretation of the false gospel is that Prophet Isa prayed to our Lord and believed in one God. There are plenty of verses that speak of both. The false gospel speaks of both a Trinity and other verses are said by Prophet Isa that are not part of a Trinity are falsely attributed as a Trinity, they can be used to describe a Trinity, but Prophet Isa was not speaking of a Trinity. Verses such as the Lord your god is one is Prophet Isa saying that he is a Prophet of God. Prophet Isa also prayed to Allah in the false gospel not that Prophet Isa prayed to himself like the Christians believe with their Trinity. In other verses Jeshu says I am that I am that is the Trinity in the false gospel. Christians claim there is one person speaking in the false gospel and it is their lord jesus, it is two people saying two completely different things. I don’t know if Christian means the correct interpretation of the false gospel or if the people claiming to Christianity today would be called some name for worshipping a false Arabian fertility god who they think is Prophet Isa. I don’t know terminology nor does anyone else know about this. If I had to guess I would think it is the first option of what Prophet Muhammad meant that despite the fact Christians pray to Jesus, their prayers go to our Lord. Prophet Muhammad clearly wanted religious tribes to get along when he recited this verse.

29:50-52 Prophet Muhammad told the polytheists that he is a warner. He also told the polytheists that Allah is sufficient and that his Prophethood is sufficient for them. Because Prophet Muhammad was illiterate, the

polytheists could not claim he was supplied with books of translations when he traveled to Syria.

29:57 every soul will taste death

29:64 the disbelievers forgot why to do the right thing; they understand the world wrong not believing that absolutes exist like adultery being wrong.

30:1-6 Prophet Muhammad correctly states that the Persians would be defeated by the Muslims. Allah describes the victory of Byzantine Christianity over the Persian Zoroastrian as a victory of Allah seen as People of the Book. Prophet Muhammad is speaking highly of an empire that does not accept him as a Prophet. I have not seen an Islamic apologist mention this.

30:11 we will be created again

30:18 glorify him in the night and the noon

30:20 we humans were created from dust

30:21 Allah created us male and female so that we may find peace between one another. Allah created affection and mercy in us humans.

30:22 Different languages and races are proof of our Lord's existence

30:30 we are all pure Muslims as children, but the world distorts our faith through deviation. This means we won't do anything wrong as a kid, someone else is responsible for it.

30:31-32 do not be a polytheist nor divide into sects

30:41 corruption has spread on lands and seas as a result of what people have done. This is so they may understand the consequences Allah has for them and so they may learn to return to the Straight Path.

30:52 you can't make the dead hear you

30:54 we are weak when we are old

30:58-60 even if a sign was brought, they would deny it. Allah seals the hearts that have no knowledge. Let those who don't lack certainty cause you to be unsteady with faith. The promise of Allah is certainly true, you have Allah, Gabriel, and Prophet Muhammad’s confirmation of the promise of Paradise. You are promised that Allah is telling the truth.

31:6-7 mankind’s idle talk makes them lose their soul. Talking about sick material and listening to music all day. Whoever misleads people from the way of Allah without knowledge and takes it in ridicule will have a humiliating punishment. He shuns verses, warn him of Hell.

31:12-17 Luqman was taught wisdom and taught to be grateful to Allah for your own benefit that Allah doesn't need us to praise him. Luqman taught his son to take care of your parents, be grateful to your parents unless they encourage shirk. Allah is all aware. Establish prayer enjoin what is right, forbid what is wrong; be patient. This is what it takes to require determination. Do not think others are not worthy of you, do not think you are the best of all mankind, and do not be boastful, walk moderately, and do not speak too loudly.

31:18 look people in the eye when talking to them, same as in the Bible

31:21 people of any country go based on what practices was handed down from them and not by what Allah reveals to them. Once a country such as America is invented, their constitution and founder fathers become the model to follow as if all else gets forgotten or is deviation. Bad practices also get mixed in with faith in a country where deviation disguised as "religious freedom" is what it is founded on.

31:31 ships float because of Allah

31:32 only a treacherous, thankless person refuses to acknowledge our signs when he is delivered to safety

31:34-35 a time will come when no father will help his son and no son will help his father. What this is saying is everyone will become enemies of one another wanting only to live forgetting who they love most and not trusting anyone. Allah knows the Hour this will occur. No soul knows what it will earn tomorrow, and no soul perceives in what land it will die.

32:2 beyond all doubt, the Quran was delivered to us from the Lord of the Universe. The Quran is to warn people to the Straight Path.

32:3 the Quran would be for all people of the earth after this verse was revealed. There was no verse in the Bible we have today that made Scripture official for all people. This verse is not speaking to the Arabian tribes at the time.

32:4 Allah is not omnipresent. Allah is not present on the earth.

32:7-9 Allah created man from clay and then made his descendants from DNA. Allah breathed into man to give us his spirit. Allah then made the hearing, sight, and vision.

32:11-21 the Angel of Death will take us. Criminals will be disappointed and sad that they were not righteous and did not have faith. The Islamic faith could have been accepted as fact by all of mankind, but the Angels and Allah would rather people go to Hell. People wanted free will, so they got it at their cost when told not to distort Islam they did anyways. A believer is not equal to a disbeliever. Those who are defiantly disobedient will be returned to it and it will be said to them "taste the punishment of the fire for which you used to deny" this is the lesser punishment. No soul knows what awaits them in Paradise.

33:3 put your trust in Allah, he is sufficient. That is all you need from Allah.

33:4-5 you cannot be both a believer and a hypocrite. If you don't know your adopted sons or daughters after their families’ names, do not give your adopted son or daughter your family’s last name. You will not be held accountable for words you didn't know better for unless it was deliberate.

33:6 the Prophet is above us, he has more of a claim over us than we ourselves do, he cares more about us than each other. Blood relatives are more entitled to inheritance. Prophet Muhammad's wives are Mothers of Believers; this means you are forbidden from marrying his wives since they are now your Mother of the Believer being yourself. Mother of Believers is the same concept as Maryam is in Christianity of the mother of those who believe the faith, Prophet Muhammad had changed or corrected this since Maryam is not your mother in faith nor was, she ever. Since Prophet Muhammad’s wives are Mothers of Believers, that means they are a higher status than any Muslim with exception to the early Caliphs. If you compare it to other religions; no other woman figure is anywhere near that status. Prophet Muhammad clearly loved his wives to put them at that status, all Prophets who had wives loved them which is a central theme in Islam.

33:18 Allah knows those who talk people out of going to war, Allah knows who goes off to war for their motive

33:19 if you're not sincere your deeds will go bad, yikes he already knew. You must make it to 80 aspiring for good to win since you know the world is lying to you. You also must want to do charity and give back in some way in reference to the hadith’s that say give whatever you can even if it is the

smallest amount. You must be on an Israelite mindset that means you are an Israelite. Prophet Muhammad knew for us to be as quiet as possible and whatever it takes you got to figure it out.

33:24 Allah will reward us for speaking the truth

33:26 this verse addresses Banu Qurayza how they violated the peace treaty and Allah granted the Muslims victory over them. The Banu Qurayza were given the capital punishment for betraying the Muslims. There were others in the Banu Qurayza were taken captive.

33:28 Prophet Muhammad would give a suitable amount of money to a divorced wife of his and let her go graciously if they did not want to be married to him.

33:33 the Arabs forced women to stay indoors before Islam, this was only addressed to the wives of the Prophet and not to women in general to stay at home. Aisha was very active in public affairs, so it is not meant for all Muslim women. Plenty of Muslim women were soldiers and plenty of them worked jobs.

33:35 women are mentioned by name in the Quran. That means Allah honored women. If Islam was a religion for men alone, why would women be in the Quran? Women would not be mentioned at all.

33:36-40 must abide by the rules and regulations of the Sharia Law. Slander along with propaganda came against Prophet Muhammad when he married Zainab the divorcee of his adopted son. They were married to clear up any confusion that you can marry your daughter in law that is a divorcee. Zainab was no longer in love with Zayd, so they got a divorce. Prophet Muhammad fell in love with Zainab, he knew her his whole life being her first cousin. When Prophets wanted wives, they got the women they had wanted for instance Prophet Ibrahim with Hagar, Prophet Moses with the Ethiopian woman, and Prophet Jacob with Rachel. Prophets cared deeply about their wives. Allah ordained this for Prophet Muhammad just like the Prophets before him; this is Allah's way of delivering a revelation to us. Prophets had no lust, they could not sin. Prophet Muhammad is the seal of the Prophets.

33:45 this verse is in the lost Torah.

33:49-53 if you have not slept with a wife you've married, you may divorce them immediately. Don't say poor things about them upon divorcing them.

Also, there are lawful marriages in the next verse. Prophet Muhammad can marry as many wives as he wants. No woman is lawful outside of these laws and you cannot divorce women through no fault except for slave girls, they may be exchanged if the master is not pleased with them. If you're invented to eat, leave after the meal; do not invite someone over before the meal because the owner of the house to explain that he did not cook for the other visitors. This is a law of life where someone cannot invite themselves through a mutual friend to an event. Do not hurt the Messenger of Allah and do not marry any of the Prophets' wives as they have too much knowledge and wisdom. If the previous Prophets' wives were not married afterwards which I'm certain of, then it is divine law. Prophet Muhammad's wives had to wear a hijab to show importance in society. A bridal gift is required in marriage. We believers haven't a clue how important these verses were given that we know today that when your time is up with someone, that means your time is up, no way to debate it. Women during Prophet Muhammad's time did not wear niqab or burqa. This is not true at all, there is no truth to it. Those two are not Islamic.

33:56 Allah and his Angels bless the Prophet, offer blessings and peace to him

33:57 those who abuse Allah, and his Messenger will be sent to Hell for a humiliating punishment. It is abusing Allah to deceive the public into deviation.

33:58 it will count as slander and a blatant sin for those who intentionally abuse other believers.

33:59 women are to cover their chests, a woman who does not do such has shown proof she has not grown up yet, still

33:69 do not wonder why people are shy in reference to Prophet Moses

33:70 fear Allah and speak the truth

33:72 the Heavens, the earth, and the mountains would decline the blessing and would tremble at the thought of the blessing. Prophet Adam took the blessing, Prophet Adam sinned in the Gardens of Eden.

33:73 if life were for fun we would be working to our own destruction. The consequence for not doing so is that Allah will punish the hypocritical men and women and accept the repentance of men and women.

34:7-8 the chiefs of the Quraysh claimed Prophet Muhammad was either insane or had forged a lie against Allah. Prophet Muhammad never told a lie once in his whole life.

34:12 some jinn worked to build Prophet Sulaiman’s Temple in Ancient Israel in Southern Arabia. The jinn who worked to build Prophet Sulaiman’s Temple were required to by Allah and Gabriel.

34:13 why would Allah want a “third” temple when he is trying to get you to be grateful for life? Life is something you live to your old age. Realistically you were asked to pray, have a big family, feed the poor, fast, hear about tragedies, and work 40 hours a week when they have done none of it. Allah gifted us these truths that we are lucky to be wise, but people will always abuse it. This verse may only be referencing the Prophets as the few grateful servants; it may be unattainable given the fact we humans wish for another valley of gold when given one.

34:15-21 these verses are referencing the Marib Dam in Yemen destruction during 570 where Marib is destroyed from the Marib Dam. The Saba tribe was given gardens on the left and right. The land was blessed where they could walk at night in security with many cities to visit. They didn't want a city and requested it to be a town. By asking for such, they had disobeyed and went to Paganism, so Allah sent a flood which wrecked the land. Satan was not responsible for it, but it was to see who believes in the Hereafter and who doesn't.

34:22 if you call upon a false god, the false god(s) offer no power at all, you are wasting your time

34:28 most men do not understand the message of Islam. This means we don’t know what Islam is or what it looks like in society. We don’t know what we are advocating for. This means things are being hidden from us and that Paradise looks a lot different than what we think. What makes this so remarkable is that anyone can be Muslim if you are allowed your own understanding. Whoever is reading this, this is my best effort at understanding Islam we don’t know what percent of my interpretation is correct, but I like to believe I did a good job.

34:31-37 the Pagans didn't even try to believe in scripture. The disbelievers will blame one another for not believing. Those who were oppressed became believers because of him, for the reason they were under attack allowed them to stay in faith. The disbelievers thought that because they

had more wealth and children Allah had blessed them thus nullifying the need for faith. It was not because of wealth or children but because of an individual's ability to have faith and act righteously, these people will be in upper chambers.

34:41 people will be brought and shown they used to worship the jinn who were false god's or idols reference pre–Islamic Arabia. Prophet Muhammad is referring to these people who he fought to destroy their idols.

34:50 Allah is all-hearing, ever near

35:1 Angels have two, three, four wings.

35:3 remember Allah’s blessings which he gave to you

35:5-6 Allah’s promise is true; Satan only tries to convince you that Satan is truthful, and Allah isn’t. Satan is a clear enemy, this means the talmudists, catholics, and freemasons are wrong in their beliefs since they believe Satan works on behalf of them to get their “third” temple.

35:10 good speech and righteous works raise your level in Paradise

35:12 halocline

35:15 we are in need of Allah. Allah is free of need.

35:16-18 Allah can remove us from the earth and can replace us if we are not enjoying life. We are responsible for our own actions on the earth. No one will burden what another soul has been given. This disputes the false Christian narrative of their false god taking the sins of humanity. No one will bear the sins of others on the Day of Judgement except for those who spread corruption on the earth.

35:22-24 the dead cannot hear us from their graves. Allah chooses who listens. We are no more than warner’s; we were sent the truth to proclaim the good news and warn. My conclusion is humans kept asking questions and coming up with false theories, so we need the truth. Bearing in mind people practiced falsehood which caused the deaths of many.

35:28 only the worshippers who possess knowledge fear Allah. Allah is All Forgiving.,

35:30 Allah is Most Forgiving and Most Appreciative

35:33 bracelets of gold and pearls with silk clothing in Paradise

35:42-43 the Quraysh were pompous and were committing evil; this negated any chance of them converting to Islam because Islam didn't cater to their ways. They thought a religion would come to make them stronger, not to reform them. Doing such actions will only push us away from faith. Prophet Muhammad enacted laws where slaves were to be treated humanely, the Quraysh hated him for this since the tribes of Arabia’s finances were dependent on this.

36:11 the disbelievers at Mecca said Prophet Muhammad could not be a messenger because he is a man.

36:15-31 the people of Thamud, Aad, and Mecca all had said why did Allah not send an Angel but instead send a human being for a Prophet. They would stone people for teaching them of a bad future for their actions. The Prophets warned that they were responsible for exceeding beyond all grounds, these tribes’ response was to stone the Prophets which didn't work. A man confirmed the Quran to the disbelievers of Mecca because he realized that Prophet Muhammad was perfectly reasonable, pure, and that there was no selfish motive behind him. The people of Mecca killed the man for it, and he entered Paradise. Every Prophet was mocked by people.

36:38-40 the sun prostrates itself to Allah by Allah's permission. Allah causes the moon to move like an old date stalk. These verses mention nothing about the sun orbiting the earth.

36:47 disbelievers think Allah has to feed people as proof of our Lord's existence

36:49-54 a mighty blast will happen on the Day of Judgement; it will come suddenly. A trumpet will be blown once that will shake the Heavens and the earth and twice everyone will be struck dead. They will think they fell asleep and ran away. There will be one single blast, and all will gather. Finally, all will be judged according to their deeds.

36:62 not an excuse that you didn't have reason or could not apply rational to your day-to-day life

36:65 the inmates of Hell will have their mouths sealed by the Angels, their hands will speak to the Angels, their feet will testify to their bad deeds on the earth.

36:66-67 Allah could have left man with no guidance, but he chose to give us reason on the earth. These verses indicate we all were given free will.

36:77-83 be, and it is means Allah can do anything in a matter of a second with no effort. We will be revived by the one who produced us the first time. Allah has perfect knowledge of all things.

37:35-37 Shahada didn't work on polytheists. Shahada made it so you didn’t have to pray to an idol to intercede to your false gods to get in touch with them.

37:43-49 in the gardens of pleasure, you will be getting a throne, wine from a flowing spring white and delicious, you won't be intoxicated. Big eyed maidens who restrain who only look at you with delicate eyes like soft eggshell skin.

37:54-68 a man will look down from the Heavens and see the depths of Hell. The tree of al-Zaqqum in the lowest depths of Hell will cause the inhabitants to drink burning water and eat bad fruit for their bad actions. Their bellies will churn like burning oil and will turn apart as a result. The dwellers will be in distress from hunger and thirst and will then receive the fruit from the trees. Once this is done, they will be brought back to Hell.

37:75-99 Allah and his Angels are the best of all to hear prayer. Both Prophets Noah and Ibrahim called upon the Lord for help. Prophet Ibrahim once claimed to be sick after asking why they worship false gods. Prophet Ibrahim later joined them to the idol house of worship and struck down all the idols with his right hand for not being able to eat or drink.

37:100 Prophet Ibrahim asked our Lord to bless him with righteous descendants. Our Lord blessed Prophet Ibrahim with righteous descendants.

37:102 Prophet Ibrahim told one of his two sons that he had a dream where he sacrificed him. Prophet Ibrahim asked his son what he thought of it. His son responded telling Prophet Ibrahim to do what he is commanded to do. Prophet Ibrahim laid his son’s head down with no intent of sacrifice.

37:103-107 an Angel called out and said to Prophet Ibrahim that he fulfilled the vision. Prophet Ibrahim passed the test. Prophet Ibrahim later sacrificed a ram for our Lord which was a great sacrifice. The sacrifice of the ram could have taken place before Prophet Isaac’s birth because Prophet Isaac is listed verses afterward saying Prophet Ibrahim was given good tidings of Prophet Isaac. This would mean the dream Prophet Ibrahim had was about Prophet Ishmael.

37:123-128 Prophet Elijah questioned the Israelites why they worshipped Baal, but they denounced him as a liar.

37:130 peace be upon is addressed to Prophet Elijah. It is said to all Prophets.

37:137-138 the Quraysh were near the people of Lot. They passed by the location of it day and night. The Quraysh were proud of being descendants of Prophet Ibrahim, they knew they were.

37:139-148 Prophet Jonah disobeyed Allah by fleeing a ship and was swallowed up by Sheol. Because Prophet Jonah repented and glorified Allah, Prophet Jonah got out of Sheol back to the earth. The city of at least 100,000 people believed in Prophet Jonah, so the people thrived for a while.

37:149-158 the Quraysh believed that Angels were daughters of Allah, the Quraysh gets mocked because of this. Prophet Muhammad put them to the test which they could not pass. In several instances, Prophet Muhammad explains to us that Allah has no sons or daughters. Gabriel asks what is wrong with you to the Quraysh for burying their daughters alive. It is clear Allah had to teach people human rights; the Angels take serious offense to people who don’t. Angels are not daughters of Allah, this does not say Angels cannot be females, it is a response to a claim made by the Quraysh.

38:4-10 the people of Mecca wondered why a warner would come so they called Prophet Muhammad a sorcerer and a liar. The elders didn't agree thinking it was for Prophet Muhammad's rule because it was never preached one God only and be content with it. If a community had benefited, it was a result of their false god. They were not disputing Prophet Muhammad; instead, they were contradicting our Lord. If the people elected a Prophet, they would try to reach Allah, so Allah picks his own Prophets.

38:17-26 Prophet David had superhuman strength; he constantly turned to Allah; mountains praised with him birds flocked in his glory while praising Allah. Prophet David had demanded the sheep the lawyers had because the two lawyers had jumped over the wall. The man with ninety-nine sheep expected his lawyer friend to hand over his one remaining sheep. Prophet David corrected him that he did not have to and the one with 99 sheep bowed to Allah and repented for his sin of oppression.

38:35-38 Prophet Sulaiman repented as he was being warned of temptation which would occur. Wind blew based on the way he directed it. He directed the builders, criminals, and all kinds of species.

38:41-44 Prophet Job stamped his foot on the ground and a spring gushed. His family returned after his illness. Prophet Job wanted to hit someone but was ill and was unable to, by that point, it was already too late. Prophet Job felt had to fulfill his oath, so Allah told him to create a broom with many sticks and hit him once.

38:50-54 everlasting Gardens open for them recline on couches, abundant fruit and drinks, equal aged bashful mates which is never ending.

38:56 those who are sent to Hell are guaranteed to be miserable in it several more times in the Quran.

38:60-64 the inhabitants of Hell will dispute if they had mistakenly made fun of them or if all go to Hell for living

38:65-68 you can't change the reality of one Creator

38:74-85 Satan was arrogant and became a disbeliever because of not prostrating to Prophet Adam which means he will go to Hell along with all of his followers

38:86-88 we don't do this for what is in it for us nor is this to impress someone else. This is but a warning for the earth and its inhabitants. You will know once we receive death that Prophet Muhammad was telling the truth. We are there to warn people, not make a name for ourselves. What people get out of religion, let them decide. There is no image for religion, and it will continue to worsen itself; this is what will bring us closer to End Times.

39:2 worship Allah and be sincere in religion

39:11-12 Prophet Muhammad says he was the first Muslim of Arabia during that time. Prophet Muhammad is the first to call to Islam the way Prophet Muhammad preaches and the first to practice Islam the way he preaches.

39:18 the ones who Allah guides are the ones who listen to speech and follow to the best of it, those are the people of understanding

39:32 disbelievers deny the truth of our Lord confirmed through the Quran

39:41 whoever follows the guidance does so for his own soul’s benefit. In today’s world, I think it is obvious where Allah wants people to live a modest life in a world where it’s only priorities for you is to earn the most money and consume all you can.

39:42 anyway you die, it is as if you sleep without feeling, consciousness, understanding, and will, you will be at peace

39:49 misfortune and wealth are trials to test our faith

39:53-55 o my servants who have transgressed against themselves, do not despair the mercy of Allah. Indeed, Allah forgives all sins. Indeed, it is he who is the Most-Forgiving and Most-Merciful. Return to repentance or else you will not be helped. Follow the best you can before the punishment comes upon you.

39:60 the proud will go to Hell, when I read the Quran, I know that we Muslims are to be conscious of what we do, this is an example that I always point to when talking about it

39:61 Allah will save those who fear him, no evil will touch them, nor will they grieve

39:66 if you don't worship Allah, you are not grateful for life

39:68-73 the Horn will be blown, whoever is in the Heavens and whoever is on the earth will fall dead except for whom Allah wills. Then it will be blown again and at once they will be standing, looking on. The earth will shine with the light of its Lord, and the record of the deeds will be placed, all the Prophets and the witnesses of the truth will be brought forward and judged between them in truth. All will be fully compensated for their actions on earth. Those who rejected the truth will be driven to Hell in crowds that are packed along with those who are going with them. We will become pure in Paradise.

40:15 Allah causes the Spirit to descend on whomsoever of His servants, so he pleases

40:17 there will be not one injustice on the Day of Judgement.

40:19 Allah knows who deceives with their eyes and what you conceal. That means Allah knows every thought, every little insult you hide that you say, every trick you have.

40:28 Allah does not guide someone who transgresses and lies.

40:34 if you transgress or you have too much doubt, Allah will leave you astray

40:36-37 not the same Haman in the Book of Esther and not the same myth of the "Tower of Babel"

40:44 Allah is aware of our affairs and handles them

40:60-63 Allah wrote that if call on Him in a dua, and he will respond to you. However, those who do not feel Allah is not worthy of worship will end up in Hell and will be rendered contemptible. Allah will offer you something if you worship him however most are not grateful for life. You are deluded if you do not accept our Lord.

40:46-50 the people of Pharaoh will receive the severest punishment in Hell. The arrogant will say, "indeed we were only your followers, so will you relieve us of a share of the Fire?" They will then say "indeed all of us are in it. Indeed, Allah has judged between the servants." The disbelievers will ask the keepers of Hell to get out, the disbelievers will call upon the Lord, but the call will not be heard." The arrogant will say they have put their all into religion/ This will avail them of nothing because judgement was already complete. The followers of the leaders in Hell will say to their leaders, “we were your dedicated followers, will you shield us from a portion of the Fire?”

40:56 those who dispute Allah's signs only have vein pride in their hearts and will never be able to satisfy their pride which will grow further. If someone has "evidence" this pride will not exist.

40:60 call on me and I will respond to you says the Lord, maybe you will respond to the call of Allah faster than you could ever possibly go. Supplication is worship.

40:73-75 Allah caused those who committed shirk to stumble in error, they will lie and say first that the false gods departed from them and then revise what they are claiming to that they did not invoke upon them They became so enamored with their false god's it caused their downfall and could not see the light.

40:78 Prophet Muhammad informed the polytheists again that no Messenger can send a sign without Allah’s permission. The Prophets’

stories are found in the Quran. There are stories of the Prophets that are not in the Quran and are not found in the Bible we have today.

40:83-85 when a Messenger came, they became boastful about the knowledge they had. They denied the Messengers after the proof they had. They claimed to reject all signs by saying whatever they had was from Allah. They had already ridiculed what the Messengers brought to them, so they lost as a result.

41:16 Allah and Gabriel sent a raging wind during the days of misfortune of the people of Ad. The raging wind lasted one day.

41:21 Allah causes all things to speak

41:26 there were disbelievers who were telling the tribes not to listen to the Quran and to make noise over those who recited the Quran. Those who disbelieve told others to not understand the Quran this still relevant to this day.

41:31 we will have whatever we want in the Hereafter

41:33-34 repel evil with good, and your enemy will join the cause

41:36 if Satan casts an evil suggestion, seek refuge in Allah

41:37 polytheists bowed to Allah through the sun and the moon. They thought polytheism was rational as a result that this could be accomplished but it is shirk in reality.

41:40 the people of Mecca would take one verse out of context, tamper with another, misconstrue a word or a sentence and raise every sort of objection possible saying that the Prophet would say. The verse is to warn that no intent whether good or bad can be hidden from Prophet Muhammad and Allah. If you are tempted or think you are funny, challenge you to do what you want with verses, both are ready for it.

41:44-45 the Quran had to have been in Arabic by an Arab to hear and rebuke the rebuttals from the people of Mecca. They claimed it should have been in a foreign language but then the argument would have been presented that it was in a foreign tongue sent to a foreign people. The people of Mecca were worried because they couldn't dispute it many would have decided once and for all that the Book of Prophet Moses was for example some had believed, and some had disputed it.

41:53 we will show them signs within the universe and within themselves until it becomes clear that the Quran is the truth. It is up to the believer to believe, or disbeliever, given what he or she has been given.

42:11 there is nothing like Allah. This means Allah could appeal to anyone.

42:12 Allah chooses people, Allah fixes people's situations for who He wants

42:13-15 Prophet Muhammad did not alter the faith of Noah, nor did he create his own religion. Knowledge came, people either wanted to defeat one another, were greedy, wanted position, for rivalry, stubbornness, or evil. This was not the fault of Allah. What also needs to be pointed out is that us humans will not be judged based on being in a wrong denomination. Those who did not do it for gain had mixed up divine word with human word with their own traditions, questionable accounts, their own commentaries, put history in scripture, and distinctions. Call to the same religion of Islam, we have been sent to establish justice. Allah is both our Lord. Allah will bring us all together. We are all destined to return to Allah.

42:20-23 if you do what Allah wants on this earth; he will increase your share in the Hereafter. The decree has been made, any false practices, faith, philosophy, will not be tolerated in the Hereafter. You will receive anything you desire from our Lord so long as you are righteous in the eyes of the Lord. Prophet Muhammad asked the Quraysh to show some regard for our Lord by way of common ancestry. We only do this through understanding.

42:25 Allah accepts his servant’s repentance; Allah is all knowing

42:27-31 too much wealth and we would go transgressing in the land. Our Lord takes the responsibility for dealing with the requirements of his servants. Manage people’s affairs by mutual consultation. Afflictions are caused by the believer. Allah pardons the afflictions. Our Lord brought about the famine of Mecca for those not converting to Islam. You cannot frustrate Allah.

42:40-43 retribution is wrong, do not seek vengeance on others. Whoever does evil, evil will be done to you either on this earth or the Hereafter as a wrongdoer. But he who forgives and makes amends, his reward lies with the Lord. Eye for an eye is blameworthy. Blame only goes to those who subject people to wrong and tyrannize the earth. It is a conduct of great resolve to forgive and forget instead of eye for an eye punishment.

42:44-48 no one can protect a wrongdoer from his punishment in the Hereafter. The believers will remind them of their failure on this earth. There will be no aid but Allah for them. Respond to our Lord before a day comes when it is too late. Prophet Muhammad's job is only notification not as a guardian for humanity. We are ungrateful when misfortune hits us for our deeds.

42:51 Allah will only speak to a Prophet through revelation, or a barrier for a Prophet to speak to Allah, or by sending a Messenger to speak for Allah as a Prophet.

42:70 close friends will be enemies of each other during the Day of Judgment, except for the righteous

43:4-8 the Quran is referred to as the Original Book good counsel of Prophets. All Prophets were mocked; all who opposed the Prophets were crushed for it.

43:10-13 the earth is a place of rest with pathways for us to find our destination. Also, rain comes from Allah to revive dead land. Allah provides us with ships and cattle so when we are on them, we may remember the bounty of our Lord.

43:18 gold and silk are prohibited for men but allowed for women. Both "luxuries" make men effeminate.

43:19-32 people claimed Angels were made female. Were they present for it? No. Their false testimonies will be called to account. They will blame Allah for it for not willing to tell them not to. They formed an opinion based on no information at all without any book to back their claim up. It was only from the practice of their forefathers. The rich ones always say we follow in way of our forefathers. When told by all the Prophets that this was better guidance, all had still disbelieved. The Quraysh should have listened to their forefather Prophet Ibrahim through Prophet Ishmael instead of their ignorant forefathers. Allah let these people live and prosper until a Messenger came and they responded with "this is evident sorcery". The Quraysh argued that the Messenger had to be a great man from either Mecca or Ta'if. Prophet Muhammad was born, lived and raised in Mecca however he was born an orphan, didn't inherit property, and tended goats. He was a merchant but not a very successful one. Isn't that all the Prophets? The Lord doesn't look for our wealth but our hearts. Those with the highest wealth are a sign of people who are not of our Lord.

43:33-34 I will be honest I don’t understand these verses

43:36-39 if you are negligent to Allah, Satan will be your companion. It doesn't matter if they claim to "love God" or worship, if they don't repent or are against Islam in any way, Satan will be their ally. They claim to be rightly guided but when they meet Prophet Muhammad and Allah, they will regret it.

43:42 the disbelievers of Mecca went so far to blame Prophet Muhammad for causing "trouble" in Mecca, yet he was tarring down a place that was not good. They viewed Mecca as stability and those who threatened it were against the people and their best interest which turned out to be backwards.

43:48 every sign sent was greater than its predecessor

43:49-56 Pharaoh and his people wanted the plagues to go away and asked Prophet Moses to get rid of them, but they weren't sincere in requesting. Pharaoh's people had no independent thought outside of Pharaoh running them. Pharaoh thought they were his people and not the Lord's. He couldn't understand what Prophet Moses was saying that people are of Allah and not of our dominion. Pharaoh thought Prophet Moses should be dressed in a robe of honor and bracelets of gold and he thought Angels should have been with Prophet Moses. Pharaoh invited his people to laugh at Prophet Moses and they did, the people were morally wrong for doing such since we don't mock people who give the truth and come to us humbly. A flood killed all of them and was made an example for those to come.

43:57-59 the people of Mecca mocked Prophet Muhammad when someone brought up that Christians would worship Prophet Isa as the "son of Allah" who is worth more Prophet Isa or Allah and what would be wrong with their false god's they had asked with an attempt at joking. They asked this out of argument with one another. Prophet Isa was a servant who was made an example of Allah's powers.

43:61 Prophet Isa's Second Coming during End Times, this is the same as the Bible we have today

43:65 the Israelites who believed Prophet Isa misunderstood his powers holding him to the standard of the "son of Allah". Because he had powers, he must have been a "son of Allah" since we all know Allah had powers and Prophet Isa shared some of them.

43:67 everyone will turn hostile to one another including loved ones who do not have faith in Allah on the Day of Judgement. The only friendships that will be unaffected are Muslim friendships.

43:77 Maalik the gatekeeper of Hell will tell the inhabitants of Hell that they will remain in Hell for their sins, they will want to be put to an end that’s how bad Hell is

43:79-80 whatever scheme you have against Allah; Prophet Muhammad will scheme against you. So whatever plan the groups I provided have, it will just frustrate them if you mention how no plan, they have to conquer the Middle East is working. No matter what, we humans have no plan that will work to end Islam. This is something that cannot be planned out, it isn’t like fighting a war. This involves Allah contacting people, you wouldn’t know where to attack.

43:81 if Allah had a son, we would worship him

43:83 leave people alone with their achievements and their love for their personalities, it will come back to bite them in the afterlife

43:88-89 pardon people who do not believe, say “peace”, soon they will understand

44:10-11 a painful smoke will come for the disbelievers in the final days

44:21 Prophet Moses told Pharaoh to leave him alone if he did not believe what he said

44:34-36 because they haven't seen someone resurrected from the dead, they don't believe it. Atheists claim this with the feeding of five thousand claiming it couldn’t have happened because they were not there for it.

44:37 Prophet Sulaiman invited the people of Tubba which is Yemen by way of their queen to Islam and they accepted it. In the beginning, they were a sun worshipping nation. In a later period, they started worshipping during a later period; they began worshipping all kinds of false god's

45:9 there were Jewish and polytheist tribe members that would claim to take interest in the Quran only to make a mockery of it. These Jewish and polytheist tribe members went to Hell for it.

45:10 money won’t get the inhabitants out of Hell nor will friends or false gods of theirs will protect them.

45:14 forgive people who don't await the Day of Judgement, Islam is about forgiveness

45:16 the Israelites were exalted above all peoples, now anyone can be in faith

45:23 those who took a false god of his desire, Allah has sent him astray. He cannot hear, his heart cannot beat, and his vision cannot see.

45:24 we die and live nothing destroy us but we live, this is our life and our earth says the disbeliever. Prophet Muhammad already knew there would be people for who instance become obese.

45:25-32 they have to see people come back from the dead to believe; many expect it done right in front of them. Tell the truth to them that Allah gives life and death, and we will be brought back to life. Most people don't know because they don't see it. All people will be made humble on that day on their knees bowing to our Lord. They will say it was an assumption and there was no proof and could be convinced of it, it will not be sufficient of an excuse.

45:36 all praise goes to Allah

46:4 no scripture indicates that a false god created any part of the earth or the Heavens above. The polytheists of Mecca thought there were other false gods after our Lord.

46:9-13 Prophet Muhammad confirms he was not the first Prophet sent. Prophet Muhammad says he does not know what will happen to him in the future, he couldn't tell the Israelites the future of their lives. Since the Quraysh were not the first to the Quran, they called the Book a falsehood. Before the Quran, it was the Torah that was guidance and a mercy for the world. Prophet Muhammad’s actions do not contradict the teachings of the Torah we have today.

46:15-19 Prophet Muhammad was called by our Lord to be a Prophet at age 40. The age of maturity is 40. Those who obey their parents will thank the Lord. However, those who are rebellious will claim to their parents that these are fables. There are various degrees of rewards and punishments for both.

46:29-31 a party of the jinn came to listen to the Quran and told one another to be quiet. Prophet Muhammad was unaware, our Lord later

informed him. Jinn can sin; they informed each other to repent for their sins.

47:1 those who disbelieve and prevent people from the way of Allah, their deeds will go to waste

47:4 strike at their necks with a sword during war and set the captives free either by grace or for money. The goal is to lay down the arms not to deprive the losers in war. Allah could have taken vengeance upon them during war by way of telling us to slaughter them, but this is to test us to see how we treat prisoners of war. Finally, your good deeds will not go to waste if you die in battle.

47:7 if you stand up for Allah, he will help you and make your steps firm

47:9 if you detest the verses of the Quran then your deeds get nullified. This verse is crucial for the Day of Judgement.

47:13 this verse was revealed shortly after Hijrah. Prophet Muhammad loved his home city of Mecca but was driven out of it by the polytheists who were later led to their demise.

47:15 forever clean water, milk from springs, rivers of wine and pure honey with every kind of fruit and forgiveness from our Lord in Paradise

47:17-18 Allah will increase your guidance. We don't wait for something to come to us to get us to believe, many people try that.

47:19-29 ask for forgiveness of your sins and other believers. As soon as a surah about fighting came, the hypocrites and the believers were separated from one another. If the believers were to turn away from their obedience to Allah, corruption would come in the land, and they would fight each other. Allah laid a curse on these people that they are now deaf and blind. They don't ponder or they try to avoid it at all costs. Angels will strike their faces and backs during death as punishment for having hatred of Allah. Either the disbelievers don’t ponder the Quran or the locks on the disbelievers’ hearts are preventing them from accepting Islam. For most it is the second reasoning. Disbelievers have a sickness and commit evil. We believers have hate, this is normal. The hypocrites cannot grasp the damage they do to the land. Allah condemns them.

47:31 you are being tested by the sincerity of your words and actions. This means if you get into 100 arguments in one day, as long as you are being

fair and not rude, it will not be written as a sin, and this is your test since you did not want to get into any of these 100 arguments you got into that day.

47:35 don’t lack courage, don’t falter for peace since peace will not come do not beg for it, this is when fighting the oppressors. This means do not accept their “peace” the enemy offers, Allah is with you. Allah will not let your good deeds go to waste. Do not give up on the battel and call for peace when you have the upper hand. Your good deeds will never go to waste. However, you still have to make it through life, or your deeds will go bad, I can’t confirm that but I’m 65% sure of it.

47:38 you are needy. Allah will replace you, as if it isn't obvious enough what we see and hear on the news was forecasted by Prophet Muhammad knowing new people will join because of the internet.

47:71 you get whatever your soul desires in Paradise, this most likely means you will have desires in Paradise

48:1-2 after the treaty of Hudaibiyah, Gabriel announced to Prophet Muhammad the victory the Muslims had achieved. Because of the victory, Allah would forgive a believers past sins and future sins and give them the Straight Path after the verse was revealed.

48:8 this verse is in the lost Torah.

48:10-12 we Muslims who pledge allegiance to Prophet Muhammad are pledging oath to Allah. If you don't, you're breaking your own oath. Allah may want you to have harm or benefit. The truth is the people of Medina were afraid to die and thought they would never return from battle. They didn't trust Prophet Muhammad that everything would be fine and claimed that they had to watch over their families but felt no remorse.

48:15 those who did not go forward and stayed behind do not get the war spoils as Allah has commanded, they only understood the good life

48:17 the blind, the incapable, women, young males, and the sick do not have to go to war. Women have the option to go if they want to, they aren’t being told you cannot go on account of being a woman. If they feel ready, they can.

48:26-28 Allah revealed this verse to explain that the ancient Arabian law was wrong that disbelievers could visit do Hajj and Umrah. The Muslims did

not get provoked at their stubborn behavior. Shave your head or cut your hair short during Hajj, it is not obligatory. Allah brought us Prophet Muhammad so Monotheism would prevail in the world.

49:2-6 don't speak over the Prophet like so to do each other to get our word in. Let him speak and you are righteous. Most people who called out for Prophet Muhammad from behind his apartment were devoid of basic understanding. With whatever news, carefully search for the truth, do not slander them, ignorance hurts the community.

49:9-10 if two parties of believers go to war with each other, make peace between them. If one of them oppresses one another, then fight the oppressor. If the oppressor returns, make peace between them. This also means you can get into fist fights with anyone, just be wise since the goal is to make peace. Believers are brothers. If the believers weren’t brothers, come war time they would just use each other like we do in America meaning the Muslims couldn’t win one war fought, yet this verse is overlooked so much about why there is a brotherhood.

49:11-12 don't ridicule believers, don't insult one another, don't let women scoff at one another, do not taunt one another, do not laugh at each other. Don't be suspicious of one another, don't spy nor backbite. Every time you do this it is written down by Angels. This can be read as do not mock anyone at all but I don’t read it that way.

49:13 nations and tribes were created so we can get to interact with each other. We are not all going to agree on one school of thought. The most noble among us is the most righteous in the eyes of Allah.

49:14 faith must enter your heart; you need Allah to perform a divine miracle to allow you to become a believer. Faith is submission to Allah with no doubts about Islam.

49:16 Allah has knowledge of all that is in the Heavens and all that is in the earth. Allah has knowledge of everything.

49:17 our religion isn't an advantage for us but a favor on us to be truthful. If Islam is an advantage, we may not be doing faith right. Do not use Christian and Jewish terminology like kosher and do not use practices like baptism. Say halal and do shahada instead. This also means you must dress by what is approved by Muslims and not by hindus and Christians.

50:6 the sky being described as a firmament with no cracks. Prophet Muhammad made sure that Surah 50 reached as many people as possible.

50:16 Allah is nearer to us than our jugular vein that connects us

50:18-33 observers record every word we say. We are going to be driven by Angels to the divine court with one driving us to the court and another to bear witness. Once they are at the court, they will be thrown into Hell if they were a preventer of good, aggressor, or doubter. They will be told by Allah that Allah's word does not change. Hell will be asked if it is full of inhabitants, Hell will respond asking, “are there more?”

50:34 those in Paradise will be told “enter in peace!” This means Paradise is peace.

50:35 those in Paradise will get more than what they could possibly desire.

50:37 the Quran is a reminder for those who have a heart. If you have a heart, you are a Muslim.

50:38 six days to create the Heavens and the earth. Prophet Muhammad has claimed that the earth and the Heavens were formed in six days, that means he either is telling the truth or plagiarizing it. Many religions, cultures, societies all throughout history had different amount of time it took their false gods to create the earth and the Hereafter they believed in. Prophet Muhammad is claiming a miracle to say her knows the exact number of days it took to create the Heavens and the earth. Scientists in first world countries will tell you no one would ever nor will ever know how many days it took for the earth to be created.

50:45 you cannot force someone to believe or submit to Islam

51:1-2 wind lifts millions of tons of water vapors from the ocean to create clouds

51:20-21 there are many signs on earth for faith and there are signs in our own selves

51:33 the people of Lot were hit by a shower of clay, a shower of clay is a volcanic eruption. This means that the volcano hit the village became clay after it was hit.

51:47 the Heavens are expanding, scientists confirm this in today’s world

51:49 and everything was created in pairs

51:52-54 they denied all the Messengers with a different reasoning of a sorcerer or a mad man. There is no common understanding amongst them. Leave these people be, never talk to them ever. It makes you wonder who the true mad man was to call a Prophet a mad man with this kind of evidence that Islam is correct.

51:55 reminding others about Allah benefits the believer.

51:56-57 jinn and mankind were created only to worship Allah. The meaning of life is to worship Allah. We may not be able to enter Paradise if we don't worship Allah; it could outrage Allah that much. Angels do not have to worship Allah, or they are entrusted to do it at free will. Allah does not desire anything in return, nor does he want us to provide for him.

51:60 the Day of Judgement will always be held in dread, no one wants to be reminded or know that they will be judged by our Lord

52:21 every person will reap what they sow.

52:23 they follow not except assumption and what their soul desires. This is why people will not support Yemen nor convert to Islam. This means the disbelievers never gave Islam a chance. Allah and the Angels will know on the Day of Judgement who went based on their desires on this earth. They will all say, “I did what God wanted me to do”, they speak in lies. The disbelievers don’t go by evidence, they go by their own desires.

52:24 the wine in Paradise will prevent us from ill speech, youth will come to serve us.

52:25 those who go to Paradise will ask about information on Paradise as they enter.

52:27-28 we will say Allah has graced us and saved us from the hellfire and that we had always prayed to him.

52:35-44 Allah creates everything; you are not its inventor. Did humans create themselves or were they created by nothing? Did they create the Heavens and the earth? The atheists will always be uncertain in every generation. The disbelievers at Mecca felt that the world should be ruled by us humans instead of Allah. Prophet Muhammad used arguments and did not ask for payments like they did in Arabia. The message of Islam would prevail in Arabia it didn't matter the overwhelmingly low odds of Islam

succeeding. Whatever miracle sent down; the Quraysh would misinterpret it because they are not believers. That’s why Allah will not send a Prophet today, people have their own beliefs such as evolution since a Prophet would tell them something big that is different from what they believe, they won’t give faith a chance at all. This is different from Jews not believing Prophet Muhammad for having a few differences of beliefs where at least Judaism and Islam can see eye to eye on most material, so the Jews were still believers so long as they didn’t fight the Muslims. The world is pushing further away from religion each generation, the Quraysh can be compared to many people who claim to be religious or not religious today, history is repeating itself.

53:2-3 Gabriel confirms that Prophet Muhammad does not decide what he wants written in the Quran or hadiths.

53:4-18 the Quran is but a revelation given to Prophet Muhammad. Gabriel who has both intellectual and spiritual powers taught Prophet Muhammad scripture. Gabriel approached and descended from the uttermost edge of the sky. Prophet Muhammad had no misunderstanding of what was revealed to him, he saw this in broad daylight in the Hira cave. The second meeting was at the highest level of the Heavens where Gabriel came to him in his true form. Prophet Muhammad saw some of the greatest signs from our Lord. Prophet Muhammad's eyes were set focused. The beginning is poetry to explain the meeting. Also, the Lote-tree which no man can pass where beyond is the throne of Allah.

53:19-25 the pagans were praying to the false goddesses of Al-Lat, Al-Uzza, Al-Manat, Prophet Muhammad addressed this by saying that you bury your daughters alive, yet you pray to them. We humans name these jinn; we don't know their real names. They could not possibly have a connection with our Lord. The people who worshipped them followed by assumption and what their souls had desired meaning it was wishful thinking, all their false god's were strongest, most loving etc. After all, the false god had to expand among people.

53:32 Allah knew you for your entire life. No person is pure except a Prophet. This means the false stories in the Old Testament and false gospel are null such as Prophet David watching Bathsheba.

53:38 no one besides Allah can rescue a soul from hardship

53:39 man will only be held accountable for what he has done on the earth for the Day of Judgement

53:43 Allah causes laughter and tears

53:45 Allah is described as He when Allah creates every living being in pairs.

53:36-62 the Scrolls of Ibrahim. Also, Allah causes us to laugh and weep.

54:1-3 the moon will split into two for End Times but us humans will insist it isn't real, the world will end. Truth will be established; Prophet Muhammad was right, and his critics were wrong.

54:9 Prophet Noah was called a madman by the local tribes of Southern Arabia.

54:11 the gates of the Heavens were opened; this caused the Flood of Noah

54:17 we have made the Quran easy to remember and to read. I agree with this, the Quran is one if not the easiest books I have ever read in my life.

54:19 the raging wind lasted a day.

54:22 Allah is pleased with his servants

54:45 no one could have imagined in seven years at the Battle of Badr after years of starving that they would achieve victory. Prophet Muhammad rushed in to fight after reciting the verse.

54:49 everything was made with a purpose.

54:50 it won't take long to prepare for the Day of Judgement, nor will it take long to come.

54:55 you will be seated honorably near Allah in the Heavens

55:4-9 Allah taught us how to speak fluently through scripture. The sun, the moon, along with the stars and the tree's follow estimation and are all subject to Allah's command. Allah raised up the Heavens. This is a balanced universe.

55:15 jinn were created from a smokeless fire.

55:19-20 halocline

55:29 everyday Allah is engaged in some affair, such as forgiving sins, relieving distress, raising some people and bringing others low. This means Allah always has a role on this earth.

55:41 criminals will be locked from their heads and their feet in Hell

55:54-64 beds with silk fabric for sheets. Women are like rubies or coral in Paradise. No jinn or man has touched them. The two gardens are dark green in Paradise. Everything is in pairs in Paradise two springs, two gardens, and two fruits.

55:74 the houri have not had sex by man or jinn. This means jinn have sex.

56:2-44 the Heavens and the earth will be overturned. The earth will be violently shake; the mountains will crumble and will scatter abroad in fine dust. They will be replaced with new ones. There will be three groups on the Day of Judgement, the people on the right with good fortune, the people on the left who failed and the foremost, they will come first and will be stationed near our Lord. Read the verses to know what each of the three groups will be getting in the Hereafter.

56:79 none can touch the Quran except the purified. Satan tells them not to read the Quran, because they don’t read it, they don’t get perspective.

56:82 the Quraysh only cared about economic interest and not moral

56:90-91 you will be greeted by Angels in Paradise who say to you “peace be to you.”

57:2 our Lord brings life and causes death. He has power over all things.

57:3 Allah calls himself the First and the Last as two of His 99 names. This is the same as the Old Testament.

57:4 Allah is with you wherever you are, that means you are never alone

57:20 the worldly life is no more than amusement, a competition of wealth and children. It didn't matter what you accomplished. This verse explains people’s motives in society.

57:25 iron mention

57:27 dedicating your life solely to Islam is forbidden, this sounds like the right faith to me that tells you to live life. This would include being an activist on the internet all day.

58:1-4 when Arabs traditionally scoffed at their wives, they degraded them and said having sex with them was like having sex with their mothers. This was used as a no fault divorced so the Arabs did this to make sure there was no chance at a remarriage. It is both despicable and false. Whoever does this and goes back is encouraged to free a slave before sex or fast two months consecutively before having sex with a wife. If the man is still unable, feeding sixty poor people will suffice.

58:7-10 Allah revealed these versus to condemn the liars hiding in Islam to create division to break it up also to show us that we can talk secret amongst each other. The liars mistook Prophet Muhammad for a false Prophet because they could lie; they took bad chances by doing such and ended up in Hell for it. If you feel an attack amongst believers is coming, you can plan a counterattack. Secret conversations are from Satan where Satan encourages rebellion against Allah.

58:11-13 nobody should be forced to get up in place of someone else. The believers were requesting too much of Prophet Muhammad's free time to talk with him about private matters so he asked them to pay charity; he would never turn down a request to help guide someone. Allah pardons you for something you think was wrong and you repented so you don't need to talk to the Prophet, does this sound like somebody who took advantage of a situation?

58:18 we are only human beings that Allah created. We are servants of Allah, not “children of god.”

58:19 Satan causes those who go against Islam to forget Allah.

59:1 Gabriel tells us several times in the Quran that Allah is All-Wise.

59:4-8 do not destroy crops, cattle, gardens, trees, houses, and anything else in its way without reason. This is illegal in war. The point of the zakat and usury ban is to get the wealth to flow to the bottom. Wealth has to circulate so the rich do not become richer, and the poor do not become poorer. The zakat helped make money go around the social classes, it benefitted the Muslims during the time of Prophet Muhammad. The zakat also helped emigrants who were forced to leave because of war to get them situated in a new area. This also prevents hoarding gold, something that was corrected from Judaism. Allah is most stern in retribution.

59:11 the Banu Nadir were expelled after trying to assassinate Prophet Muhammad. Allah's testify is enough to prove the Banu Nadir guilty. The

Arabian Jews lent at high rates of interest; this meant a Prophet had to fix it.

59:14 they will not fight you except from fortified cities or behind walls, they are afraid of death they have to assure they will win. In today's world, they use airstrikes. Their hearts are divided because they don't use reason when fighting people. These disbelievers don't understand their mistakes.

59:19 Allah made them forget who they are. The presidents for instance had good ambitions when they were in their 20’s and became tyrants later on in life somehow. A minor example would be how people choose not to care at all where life is only about what you can get out of it. They sure didn’t start that way.

59:23 Allah is above whatever false god is associated with Him.

59:24 Allah calls himself the Planner.

60:1 do not take Allah’s enemies and your enemies as allies

60:2 the Jews and polytheists would have inclined the Muslims to evil. The Jews and polytheists wished that the Muslims would disbelieve if they had dominance over the Muslims.

60:5 Prophet Ibrahim hated his father for worshipping idols and not Allah forever on the earth until his father would accept Allah. If you read carefully, Prophet Muhammad reveals that Prophet Ibrahim did not intend to hate his father, it just happened that way and Prophet Ibrahim was professional about it in his speech.

60:8-12 Allah does not forbid warfare for those who fight you for your religion and expel you from your homes. You can be kind to disbelievers, but you cannot befriend people who declare war and persecute you on account of your religion. You can be friends with anyone who does not fight against Islam. If believing women emigrants come to you with their faith, keep them in refugee. Medina was not to be a place of refuge but instead to keep them safe from the disbelievers. The dowers that are collected war have to be given back. The women who convert have to take a pledge. A punishment is for forgiveness of sin regardless of if the person repented or not.

61:4 Allah loves those who fight in His Way.

61:5 the Israelites who worshipped the golden calf didn’t listen to Prophet Moses and tried to harm him. In this verse, Allah says those who disobey cannot comprehend the Quran.

61:6 this verse is in the true Gospel. First, those who had thought Prophet Isa had lied to them had responded with "this is obvious magic", Prophet Isa came to confirm the law. The disciples said "we are supporters of Allah"; a faction had believed, and a faction had disbelieved. More importantly, Prophet Isa spoke of Ahmad. We caused followers of Prophet Isa to prevail over the disbelievers. Prophet Muhammad is talking about a different Jesus than the Bible we have today because the early followers of Jeshu were executed meaning they failed since they died by someone else’s hand, we do not know the names of Prophet Isa’s disciples nor how many disciples Prophet Isa had. Prophet Isa’s disciples were not Prophets like in Christianity teaches where Jeshu’s false apostles are also false prophets having “spoken to god” in a vision or in person as Paul the false disciple claimed. Prophet Isa’s disciples were disciples alone and no either title. Jeshu’s disciples were Christians ever since they were assembled. If Jeshu was the Messiah, how come after meeting Jeshu who alleged to be the Messiah, they did not become Muslims?

61:8 those who go against Allah use their speech to go against Allah’s light. Allah’s light is perfect. Those who go against Allah are averse to Allah.

61:14 the Quran states that the children of Israel who followed Prophet Isa became successful on earth. This disproves any theory that Prophet Isa’s disciples did not follow religious law and became Christian. A faction of the children of Israel did not believe Prophet Isa because what he was telling them wasn’t exactly what they had heard from their Rabbi where they expected a Messiah to be victorious and bring peace to the earth. Those who were Prophet Isa’s disciples became dominant over their enemies. That is the opposite of most of Jeshu’s false apostles who were executed.

62:4 there is no verse for why the Sabbath was replaced with Jumu’ah. Sabbath and Jumu’ah do not mean the same.

62:5 Jews who do not follow the Torah are equivalent to a donkey. Allah does not guide the wrongdoing people

62:9-11 do not trade on Fridays during the call to prayer for Jumu’ah, when it is over you can go back to trading on the day. The followers rushed

instead of waiting awhile when prayer ended. Seek the bounty of God means to get a job.

63:4-6 be warned of people who know they are guilty, every shout they hear they will think is against them, they are kind to you so guard against them. Allah will never forgive them, nor will they seek repentance.

63:8 to Allah belongs honor; it is a requirement to honor Allah no matter what you think of Allah

64:4 Allah knows what is concealed and what you declare. This means Allah knows everything about us. This means Allah is beyond a genius. Even the slightest half-truth will not work with Allah.

64:11-17 whoever believes in Allah, Allah will guide your heart. You are only misguiding yourself if you turn away. It is possible our offspring are enemies of Allah, and it has happened in the past. In the same category it happened in Mecca where the father would convert to Islam and the mother or children would try to get them to leave, they weren't "enemies" but doubters of Islam being a bright future for them. Our possessions and our offspring are a trial for us. Listen, obey, and be charitable. Stay away from greediness and you will be safe on the earth. Allah will help you prosper if you loan Allah a good loan. Your family is a temptation, for instance your children want the worldly life.

65:1-6 marriage and divorce rules and regulations. Wait three months to find out if a women cannot menstruate, wait until a woman gives birth to have sexual intercourse with them, wait until a girl menstruated all before a marriage takes place. For the women who have no courses their waiting period is three months. It does not say who has not yet menstruated.

65:7 whoever has abundant means, let him spend according to his means; let him spend out of what Allah has given him. Allah will bring about hardship after Ease.

65:12 Allah's commandment is over the seven Heavens and the earth. Allah has knowledge of all things; this could very well mean you can never prevent a woman from getting an education in school since if Allah knows all things, you are to as well for theology. This verse does not claim there are seven earths.

66:1-5 Prophet Muhammad's wives wanted him to be married to ten others. Allah has already shown us that we can renounce our marriages. It was

unheard of at the time for a woman to speak back to his husband which Prophet Muhammad's wives did. This verse was revealed to remind Prophet Muhammad's wives that they can be replaced after they complained of the hardships of being married to him. Prophet Muhammad’s wives were allowed to have a voice in the marriage if they complained about their marriage to Prophet Muhammad. Our Lord bears witness that Prophet Muhammad told the truth. The righteous believers, Gabriel, and the Angels bear witness as well that Prophet Muhammad told the truth. The Angel Gabriel is set apart from the other Angels in this verse. Because the Angel Michael is not listed in this verse, this means Michael is an Angel.

66:6 Angels do not disobey Allah. They do what Allah commands them to do. Do as Allah commands, not what anyone else says.

66:10 the wives of Prophets Noah and Lot betrayed faith; they were neither wicked nor immoral. Strive hard and be strict against disbelievers and hypocrites. In today’s earth, you will have to be, this is a requirement for most believers.

66:12 a spirit was blown into Maryam to give birth to Prophet Isa.

67:2 life is a test to decide who is better in good deeds. We are told what the meaning of life is. That's why all of these wars took place; that was its purpose, why not everyone is an educated Imam this is to test us to see what we do with our spare time, we have no excuses not to do charity. We'd all finish #1 living like Prophet Muhammad did always donating his time and money. All of what we see on this earth has a purpose such as the rich and poor. Why do you think we have crime rates or better yet have alcohol when we are told not to drink, or marriage being voluntary? Wouldn't you believe someone if they told you this was the purpose of life when countries never improve despite all the money we have? Why is it also people say "Sharia Law is a joke" in many countries and they don't know the scripture? There is no "New Age" coming since there would be no test on the earth that was the point of the earth because we will never return to it. It is your job and responsibility to know this for anyone I'm no more special than them. Many people don't care at all, and we don't know why. Why does Israel exist? All of this is to test us that's why Prophet Muhammad won, humans do not own the earth, the earth is for a test. There are enemies of Allah out there like Polytheists. This is all about us; I've seen so many people who are relatable fail. Of all the religions, Islam is by far the most believable for delivering this truth to us.

67:5 the lowest Heaven has laps to prevent the satans from entering it

67:13 Allah knows what you would have done, Allah knows what is in every heart meaning you cannot hide or distort anything before Allah. Gabriel assures the believers again that Allah has knowledge of everything.

67:17-18 if the disbelievers didn't surrender in Mecca, a storm of stones would have been casted on them

67:23 little thanks we believers give to Allah. Allah has endowed us with hearing, seeing, and hearts an honor to man.

68:1-4 the Quran proves Prophet Muhammad is not a mad man, Prophet Muhammad is an exalted of character. Since you are to emulate Prophet Muhammad in all affairs, you must have good ethics to be a believer. Prophet Muhammad is pure this is the truth. Prophet Muhammad forgave anyone who went against Islam provided they repented. Prophet Muhammad would never quit on Allah no matter what.

68:8-15 do not associate with people who decree the Truth as false, they will try to play you. Avoid those who try to find others faults, hinders good, cruel, not honorable, or who acts kindly only to show off his wealth. They will claim these verses are fairy tales. Allah and Gabriel can give more stories of Prophets and historical events, but the disbelievers wouldn’t listen and dispute the events happening, there would be no point to. You didn’t like the stories to begin with, you wanted stories that either tell you what you want to hear, or you want heroic stories that you want to visualize to explain to others which the second choice is most of the time the case. The disbelievers argued with the numerous ones that were already given. For example, if the Quran explained why the pyramids were built, people would just dispute it. Another example would be that there are 25 major prophets that all believe in the same Islamic God, would it convince people more if there were hundreds of thousands of major prophets? Would it help if there were more outside accounts of the miracles happening such as people documenting Noah’s Flood? To answer both questions the explanation to both is no, the person would respond with “I need to see the proof”. I’m not trying to blame or point fingers, but I don’t think they see the need for Allah.

68:34 the chiefs of Mecca were living miserable livings because they used people for benefit

68:42-43 they will be told to prostrate, and they won't be able to. On the Day of Judgement, all deeds will be shown.

69:6-7 the storm of the people of Ad lasted eight days.

69:18-38 not one secret will be hidden on the Day of Judgment. If you get your record in your right hand, it was good, if you get your record in your left hand, it was bad. You will either be going to Paradise or Hell from there.

69:39 there is no food in Hell.

69:46 the cutting of Prophet Muhammad’s aorta would have caused an immediate death, Prophet Muhammad died of an old age in his home while a battle was going on

69:47 Prophet Muhammad nor any Prophet had any ability to change revelation

70:1-15 Judgement Day will take 50,000 years. In the hadith’s it will be easier for the Muslims.

70:31-35 no more than four wives and slaves, tells the truth, take care of prayers. They will go into Paradise.

71:1-12 Prophet Noah cried to our Lord that he called the people of the local tribes in Southern Arabia day and night. However, the more Prophet Noah preached the people of the local tribes went further away. Prophet Noah also says he preached publicly and privately. Prophet Noah told his people that Allah forgives all sins.

71:16 the moon is a light, and the sun is a lamp

71:19 the earth is a carpet

71:21-23 Prophet Noah cried to our Lord that the local tribes of Southern Arabia plotted to worship the idols Wadd, Suwa, Yaghuth, Ya’uq and Nasr. Five of those believed to be deities by people of Southern Arabia during Prophet Noah’s time came back to Arabia that had been wiped away during Prophet Noah's time. The false god Wadd was worshipped by the Dedanites in Northern Arabia in the 6th B.C.E. Wadd was known later viewed as the false deity of the South Arabian Minaean people meaning Wadd never left. Also, Prophet Noah lived somewhere in Western Arabia or else how could they come back except by relics which didn't exist?

71:24-25 the people of the local tribes in Southern Arabia drowned and were admitted to Hell.

71:26-27 Prophet Noah prayed for everyone to be believers. Prophet Noah said that if the public doesn't believe, the public will talk people out of being believers, the public will give birth only to wicked sinners, and will give birth to those who persist in their disbelief in Allah. Prophet Noah is correct that those who don't believe will have many that persist in not believing in Allah.

72:1-19 some jinn obey the Lord, some don't. A group of jinn go with the Quran and I'm certain a group of jinn go to other world religions. Jinn before the Quran was revealed to them thought that man and jinn could not lie to Allah. Jinn used to eavesdrop Angels and then pass them off to fortune tellers and soothsayers, this would explain the ziggurats use in Iraq. Men used to seek refuge in the jinn that disguised as idols which is wrong. The jinn would swarm Prophet Muhammad to speak to him. Those who do not live by the laws of life will enter Hell. You get blessings from the Heavens if you seek forgiveness.

72:24 the Quraysh after realizing their numbers could not stop Prophet Muhammad from preaching now wanted to suppress the truth after Prophet Muhammad had a strong following

72:26-27 nobody can tell the future except Messengers, we are observers

73:1-8 get up in the middle of the night, do half a prayer or reduce it a little. Recite the Quran slowly and distinctly at night. You get greater peace of mind, attention, and understanding reciting at night and it is more consistent at night. Only devote yourself to Allah.

73:17 the Day of Judgement could stress us out like nothing we thought possible, that means no matter how clean one's record is they still weren't doing charity with all their free time

73:20 recite the Quran daily, pray daily, pay the Zakah, and praise Allah. Whatever good you give Allah, Allah will give you. That is better on the earth to make life easier, and the reward is greater.

74:30-31 there are nineteen keepers who are Angels in Hell, they will have tremendous powers

74:42-47 Hell will ask the inhabitants what put you in the hellfire? "We were not of those who prayed, we did not feed the poor and we entered vain discourse" vain discourse is meaningless chatter.

74:52-56 the disbelievers of Mecca required a letter from Allah to be sent to the chiefs and elders of Mecca confirming Prophet Muhammad's Prophecy for all to be able to understand. The people were careless and irresponsible of the thought of an afterlife as if the world would end and that's it. The Quran urges them to do something or at least put thought into it. Allah is worthy of our fear and will grant us forgiveness.

75:7-10 vision will be dazed, the moon will darken, and the sun and moon will join as one on the Day of Judgement

75:13-15 everyone will be informed of all of their deeds for what they did on the earth, they may or may not make up excuses for their bad deeds

75:38-39 Allah made our bodies and proportioned their parts. Allah made male and female.

76:3 we are either grateful or ungrateful that means we have free will since we can choose between the two. The Quran was revealed gradually to inform the disbelievers.

76:16-21 clear glasses from silver cups flavored from ginger from a fountain from within Paradise called Salsabil, young males will serve you. Bracelets of silver and a purifying drink.

77:8 the stars will fade away or be destroyed

77:25 the earth is a container

77:30-33 shadow of smoke, three columns due to the big smoke that throws up sparks like castles as if they were yellowish black camels. It does not provide cooling nor protection against the flames.

77:39 if you have a plan, plan against Allah as a dare from our Lord. Anything that has been tried has already been planned, their false god better hope they are one step ahead. It sure seems like they are winning between dumb people who don't read, and the rest don't care. Supposing Allah wins the Final Fight, these people are going straight to Hell.

77:42-43 you will go to Hell if you don't pray

77:46 sarcastically told to enjoy yourself for being a criminal against Islam

78:6-7 mountains are stakes, the mountains stabilize the earth

78:8 and we created you in pairs. That means Allah created us human’s male or female.

78:19 Paradise will become open and will become gateways

78:23 inmates of Hell will dwell there for ages

78:33 equally matching maidens who love to have sex in Paradise. This means you don’t enter Paradise without a partner; this is believable.

79:8 people will be nervous on the Day of Judgement.

79:27 the Quran poses the question of it is more difficult for Allah to create humanity or the Heavens. This question shows how Allah is capable of the Day of Resurrection.

79:28-31 Allah rose a ceiling covered its nights with darkness and brought forth from its day. Thereafter, Allah spread out the earth and extracted water from its pasture, this is how the universe was created.

80:23 man had adopted the way to disobey his creator, this means Allah didn't impose sin on us and we are responsible for sin

80:34 you will forget everyone else on the Day of Judgement, this means the only thing on your mind will be how you are judged, there will be no distractions

81:1-6 the sun will be folded up, the stars will scatter away, the mountains will be set in motion, and the seas will catch fire.

83:1-3 give more than what it is worth not less than or equal to. Cannot cheat people.

83:13 the disbelievers say these stories are "legends of the former people". Thanks to the archeology, we Muslims know for a fact the Quran is definite that the Quran is the infallible word of Allah.

83:22 Paradise will have eternal bliss for the believers. This means if Paradise has eternal bliss, this means on this earth there will never be a utopia of any kind since only Paradise can achieve this. Yet so many people

with their political or religious beliefs think that their beliefs will create such an earth without any evidence at all.

83:34 the believers will laugh at disbelievers on the Day of Judgement, you can laugh at disbelievers on this earth just make sure they are at the age of reason of 25.

84:1-4 the sky will split open and will listen to the Lord; everything and everyone will be destroyed on the earth

84:7 if someone’s deeds are on their right hand, they are going to Paradise.

84:9 those who are destined for Paradise will be in joy with their friends and family in Paradise

84:10 disbelievers will have their records on their backs on the Day of Judgement

84:12 those who will go to Hell will be thrown into scorching fire by the Angels.

84:13-14 those who are sent to Hell lived joyful lives amongst the people who are sent to Hell with them. Those who are sent to Hell had not thought there would be a Day of Judgement.

85:1-10 a reference to the martyrs of the followers of Christ of Najran in 523 the wars referenced in this is Dhu Nuwas attacking Christians in Najran. If fighters who persecute Muslims will find their seat in Hell.

85:14 Allah is the Most Forgiving, the Most Loving, Allah loves you the most.

85:22 the complete book is preserved in tablets in Paradise

86:5-7 we are created from semen. We were created from the backbone and the ribs.

86:9-10 you will have no helper nor any power over the Day of Judgement

86:17 do not hasten for revenge, wait for the Lord’s justice

87:2-4 the Lord has fixed their destinies. This is predestination. Predestination works that you were predetermined to go to the mall. It was your choice to go and spend the money. There are billions of factors as to why something may have happened instead of thinking this happened as a

punishment from our Lord. Allah doesn’t control our lives. We have free will; you choose if you want to be Muslim or not. Allah did not pick for us to go to Paradise or Hell. Allah knew before time that we chose to be Muslim or not. This does not violate free will. Predestination is how we all have to eat food daily on the earth. It’s already determined tomorrow that I have to eat food in order to survive. Predestination has many levels.

87:9-19 the Scrolls of Ibrahim. You purify yourself by mentioning the name of our Lord and pray. We humans prefer the worldly life, this means being Muslim is not our first goal in life. The Hereafter is better and more enduring. The disbelievers will never believe this. They will always believe there is something better on the earth or with their “third” temple.

88:3 this has many different meanings, the accepted version is that people will work hard on the Day of Judgement for good deeds when it is too late

88:6 there is a plant with thorns in Hell where the taste of the plant is awful and the plant will not satisfy someone’s hunger.

88:10 you will not be insulted in Paradise, this means you can play pinball for a whole day and not be questioned by others why you did that

88:20 this verse does not claim the earth is flat

88:21-22 we are not to watch over other Muslims nor is Prophet Muhammad a controller over us. If they leave Islam so be it, if they for instance choose a life of crime we cannot force them to stop. Prophet Muhammad already knew people would leave the path. These are very important verses as they will always be relevant at any time. No matter what friends you lose to their ideologies, you have to say goodbye to them, only a few will ever return to Islam. No matter what you say, you will fail to bring them back, they have to want to return to the Straight Path.

89:14-16 our Lord is observing us. When Allah is generous to him and favors him, he says "My Lord has honored me. But when our Lord tries a man, he says "My Lord has humiliated me", they disavow faith meaning there is no such thing as the perfect Muslim.

89:20 this is a Quraysh reference where their enormous wealth. They had done commercial malpractice and other forms of corruption were denounced. Prophet Muhammad condemned forms of oppression.

90:4 mankind was made into constant struggle, this is normal

92:5-10 if you give and fear Allah, you will be given the Ease, if you without it, you will be given hardship. Since we have to obtain the Ease, that means every believer has hardships first to obtain the Ease. That means no one enters Paradise without having hardships on this earth, Paradise is not for free. Those who betray Allah will have a path to evil.

92:20-21 you must seek approval from your Lord so it will be made easy for you

93:3 Allah has not forsaken you nor does he hate you as a believer. Gabriel did not send down revelation for 40 days, so the pagans thought Allah hated Prophet Muhammad, Allah assured the pagans this was not the case. Allah never left Prophet Muhammad. Do not forget Allah.

93:8 Allah and Gabriel found Prophet Muhammad poor and made him rich.

93:10 anyone who seeks knowledge do not repel him from doing so, no matter what someone’s understanding of Islam is, answer their questions, do not hide anything from them

94:5-6 with hardship comes ease, this means you will have hardships in your life being a Muslim. Believers are promised twice that there will be more ease after hardship.

95:4 human beings are made in the best form.

95:8 Allah is the most just of judges, Gabriel poses this as a question to us

96:1-3 Prophet Muhammad was able to read these verses that Gabriel showed him through a miracle. Muslims are told twice to read.

96:4-5 Allah taught us how to write, man was made illiterate. Allah taught us what we did not know.

96:6-7 man thinks he is self-sufficient meaning he never needs advice on how to improve, we are stubborn to some extent, that would be all of humanity. It’s ironic because we all turn to country leaders or religious figures, but we want to hear what is good for us that confirms what we believe not when we are wrong or have to make sacrifices.

98:2-4 purified scriptures, the Quran is always right and correct. There wasn't clear guidance in the Torah or the true Gospel.

98:6 the People of the Book and the idolators who are wicked will burn in Hell, they are the worst of creatures. There is a hadith referencing the Christians and the Jews who built places of worship over the graves of the Prophets as the worst of creatures, this is what the worst of creatures are.

98:7 we Muslims are the best of creatures; we Muslims aren’t superior to Angels.

99:1-8 there will be one final earthquake. In this next verse, it could mean anything; I think it means the earth will unleash all its sins for us to see. Whoever did an atoms weight of good will see it, whoever did an atoms weight of bad will see it.

101:8 mountains will begin to disintegrate on the Day of Judgement

102:8 on the Day of Judgement we will be asked what we did without blessings this not only includes our health and wealth this also includes the fact that take for example the author of this myself James Cockroft, I am good at math; did I teach math to those who needed to learn with my free time? For those who don’t know being talented at subjects such as math is a blessing from Allah because others struggle with math and because I excel, I can help others. A blessing is any trait that can benefit humanity, I know most people know this, I just wanted to make it official.

103:1-3 mankind loses hope except for those who have faith. Mankind may be tested by losing hope. Hold on to faith.

104:1 hellfire for every backbiter and mocker of Islam. Mockers of Allah; people who don't take the world seriously and find fault in Allah. This means you are done if you keep doing either of these two things, no case can possibly be made for you to avoid Hell. This was said to the Quraysh for hoarding wealth.

104:2-8 those who think their wealth will make them immoral will fail. They will go to the furnace if they abuse their wealth.

105:1-5 Yemenite tribes led by Abraha came to destroy the Kaaba before Prophet Muhammad; the Quraysh defended it. Birds with pebbles pelted the army of elephants who were charging at the Kaaba in Mecca. The pebbles stopped the elephants. Abraha’s army had 60,000 soldiers.

106:1-4 Prophet Ibrahim prayed to Allah for his descendants who were the Quraysh to gather to Mecca someday which they did, before they had been

a scattered people who had always feared death. Mecca has always been safe. The Quraysh were the only tribe with a Surah after them.

107:1-7 those who deny the Day of Judgement are not charitable people. This is the same as Christianity woe to the hypocrites.

108:1 Prophet Muhammad was confirmed Paradise.

109:1-6 Oh you who disbelieve! I do not worship what you worship, nor do you worship That Which I worship. Nor will I worship that which you have been worshipping; neither will you worship That Which I worship. To you your religion and to me mine. One of the last Surah’s preaches Muslims to work with followers of other religions. This promotes religious tolerance. Arabs expected Prophet Muhammad to confirm exactly what they believed, Prophet Muhammad knew a portion would not accept no matter what answer he gave them that’s why he said to me my religion and to you yours. That’s why to this day people use Bible verses to try to deny the Quran, it all repeats. The Quran showed us how to respond.

110:1-4 Prophet Muhammad predicted the victory of Islam; they didn't offer battle or resistance once the wars were over. During Prophet Muhammad’s time there was social unrest, injustice, and their most serious problem being people were marginalized. The Arabs keep talking and talking about stories not exclusively the Bible and it worked. It made it possible that the Prophet Muhammad would come and give the Arabs victory. In fact, the Arabs before Prophet Muhammad came told stories about how someone named Prophet Muhammad would grant them victory, they were naming their kids Prophet Muhammad thinking their kid would be the victor. An idea became the world’s largest empire the world has ever seen. When Allah was needed, Allah was there, and Allah and his people won.

111:1-5 Abu Lahab the half uncle of Prophet Muhammad had failed along with his wife who had slanderous tales of Prophet Muhammad. Abu celebrated with his tribe when he heard of Prophet Muhammad’s first son Abdullah and second son Qasim’s deaths. Abu's wife remains in Hell with a rope of twisted fiber around her neck. Faith in Allah is what got Prophet Muhammad to win. We will never know if Abu Lahab was Allah’s enemy, Gabriel’s enemy, Prophet Muhammad’s enemy, or Abu Lahab was all their enemy. Allah is the one and only God.

112:1-4 this is a prayer, all need Allah, Allah is eternal, that also means God’s laws are eternal.

113:1-5 this is a prayer. Also, Satan practices envy

114:1-6 this is a prayer. Also, Satan whispers in our hearts, he casts doubt.
